## Bi-State to Reactivate Closely Held Airport

**\$1,700,000 Revenue  
Bond Issue: Improve  
Rush Hour Bus Service**

Sale of \$1,700,000 in revenue bonds to complete the purchase of Parks Metropolitan Airport was voted this morning by the Bi-State Development Agency, which hopes to begin operation of the airport by April 1. It has been closed for the past five years.

Reactivation and improvement of the field is expected to cost in excess of \$3 million. The federal government is providing a \$1,038,000 grant, the state of Illinois plans a \$275,000 grant and the city of St. Louis is loaning \$500,000 for a seven-year period.

The airport is located off Illinois Route Three near Cahokia in St. Clair County. It will serve as a secondary airport for the two-state metropolitan area.

Indiana National Homes, Inc., owner of the site, has agreed to accept at par both an A bond issue and B bonds totaling \$800,000 at 5 1/2%. Reports by banks and investment firms had shown that the bonds could not otherwise be sold at the designated interest without paying a substantial discount.

In addition to adopting a resolution calling for sale of the airport, the agency approved a report by the Landrum and Brown firm covering potential Parks Airport use and income.

The study showed that the venture will be economically feasible if airport business is developed to 50% of the predicted level.

Other business included approval of three bus service improvements recommended by Transit Services Corp., which manages the metropolitan area transit system for Bi-State. Cost will be \$83,000.

A reserve of buses will be created at a cost of \$33,000 for eight Missouri lines and two Illinois routes, enabling extra buses to be placed in use when traffic congestion delays service during the 3 p.m.-6 p.m. rush period.

Large bus route maps will be (Continued on page 23, col. 5)

**CD Police Course  
To Start Saturday**

Basic instruction in general police work will be given in a four-part training course sponsored by the Madison County Auxiliary Police Academy, with the initial class starting Saturday from 9 a.m. to 5 p.m. at Madison county civil defense headquarters, in the Old County Home, Edwardsville.

Sessions will continue during the same hours, Saturday, Dec. 5, and on two Sundays, Nov. 29 and Dec. 6, from 1 p.m. to 5 p.m. Certificates of completion are to be presented at an association meeting, Dec. 14.

Regular police officers and auxiliaries from Granite City, Alton, Wood River and Rosebud will instruct the course.

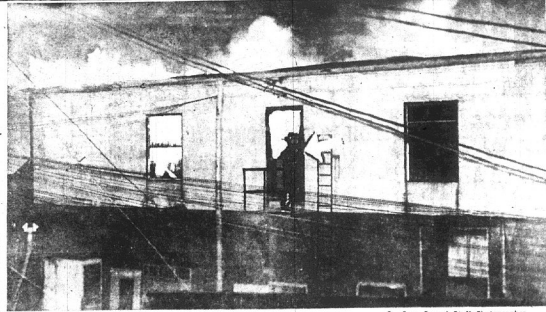

Subjects to be covered include: police orientation; traffic handling; searches; seizures and arrests; personal defense; handling of firearms; and public relations. According to academy officials, the course provides basic training for new recruits and refresher training for established auxiliary police officers. Further information is available by calling 254-0087.

Other firemen shot water onto the flames from second floor back porches and roof tops. (Other pictures on page 16.)

## Santa Coming To Town Friday

**Snow or No—Jolly Gent  
To Arrive by Sleigh for  
Annual Holiday Visit**

Santa Claus will arrive in the Quad-Cities in his own special sleigh Friday morning amid a flurry of activity that will mark the formal opening of the holiday season. Accompanied by five "reindeer," Santa is due at the McKinley bridge at 9 a.m. where he will head a parade through the Quad-Cities, ending at his log cabin headquarters at 19th street and Edison avenue about 11:30 a.m.

To mark Santa's arrival, the Associated Retailers, who are sponsoring the event, will have a parade of floats and bands. Santa's appearance for the eighth year, have arranged for free movies for youngsters at the Washington theater from 10 a.m. until 5 p.m. Friday. The movies will start at 10:30 a.m. with a continuous showing until the 5 p.m. closing.

On the bill will be cartoons, a Three Stooges comedy and a feature attraction, "Hercules and the Slave Women."

Streets were decorated Monday and Tuesday and lights are scheduled to be turned on tonight. Thanksgiving week in preparation for the inauguration of holiday shopping hours next Tuesday. Beginning Dec. 1, stores will remain open nightly until 8:30, except on Saturdays, until Christmas.

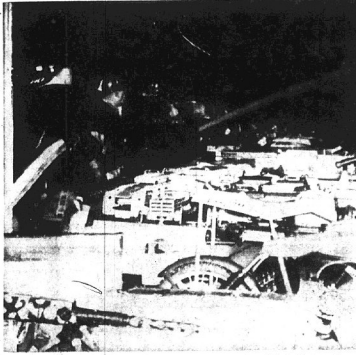

Santa's arrival from the North Pole will be a gala affair with Santa riding in an antique sleigh. (Continued on page 5, col. 8)

## 2 GC Youths Drafted This Morning

Two Granite City youths reported this morning to the county selective service office in Edwardsville for armed forces induction. They are being assigned to training camps.

The youths are Merwin Lee, a volunteer, and Alfred Delgado.

Four Quad-Cityans are to be drafted Dec. 14 and four others are to be reported for pre-draft physicals on Dec. 25.

**FIREMEN INSIDE** the J & R Motor Supply store, surrounded by toys intended to be Christmas gifts, fighting stubborn flames in the rear of the building. The photo was taken through a broken plate glass window at the front of the building.

## Madison Council Complain Of 'Dilapidated' Buildings

The Madison city council last night issued strong complaints about the city's state of a "dilapidated" building on Third street, which have been condemned since 1934.

Third Ward Alderman Raymond Kozak said that "the city should tear them down."

The discussion started when streets were decorated Monday and Tuesday and lights are scheduled to be turned on tonight. Thanksgiving week in preparation for the inauguration of holiday shopping hours next Tuesday. Beginning Dec. 1, stores will remain open nightly until 8:30, except on Saturdays, until Christmas.

## County Candidates For Legislature Head Both Tickets

Madison county's four candidates pulled large pluralities over all other candidates of both tickets in the "orange" ballot voting for state representative Nov. 3.

It was shown today in an official canvassing report announced by Miss Eulalia Holtz, Madison county clerk.

Final Madison county returns showed Lloyd "Curly" Harris of Granite City leading all of the other 236 candidates on the two tickets. Rep. Harris' polled a total of 42,911 votes in Madison county; Leland J. Kennedy, Alton incumbent, 60,337; and Daniel O'Neill, Alton, 58,116, all Democrats. The fourth Madison county candidate, running on the Republican ticket, incumbent Ralph T. Smith, polled 37,238 on the GOP side of the ticket. (Continued on page 23, col. 11)

**FIREMEN AT THE FRONT**, scaling a ladder to pour water into the Granite City Dental Laboratory above J & R Motor Supply store, 1310 Niedringhaus avenue, at the peak of Tuesday morning's disastrous blaze. Flames inside the store also are visible.

## Mayor Absent Two Votes Needed to Decide Presiding Officer for Council

Granite City's council session got off to a hectic start Monday night requiring two roll call votes to select an acting mayor in the absence of Mayor Paul Rutledge, who was out of town.

The council ignored the proposed hiring of an \$84,000-a-year public engineer and Leavelle's proposal to double the size of the legal staff by hiring a corporation counselor. The decision devolved to wait two weeks before voting on a \$65,000 to \$75,000 contract for a six-month term.

**Rutledge Chosen to Preside**  
Fourth Ward Alderman Paul Rutledge was elected to preside. He and Mrs. Rutledge were nominated, and the first vote was an election of Mrs. Rutledge and ended in a 7-6 vote. Norm and Bartok were absent.

Rutledge was named by a vote of 9-6.

Moelen, who agreed not to side with a study of the treatment plant equipment, called a public meeting for 7:30 p.m. next Monday to present data concerning the base and equipment and the alternate equipment. The meeting will be held on the third floor of the city hall.

The committee report was the committee's recommendation of the equipment proposals by a committee of local industrial engineers, who had been studying the base and the alternate manufacturer—Elmo Co.

**Point of Order Called**  
Moelen started to read his report from the engineers when Mrs. Rutledge called a point of order. Earlier, Moelen had called a point of order.

## 5 Undergo Surgery At St. Elizabeth Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:

Silas Paul, 2435 Grand avenue; Josephine Mott, 2648 Lincoln avenue; Fay Ellen Sans, 1316 Lindell blvd.; Lois Hayes, 2531 Westchester drive; Gerry Kissell, 944 Niedringhaus avenue.

Authorities are seeking confirmation of a 14-year-old boy's confession yesterday that he set a match to paper and card-ringing houses, that touched off a \$300,000 to \$350,000 blaze early Tuesday, badly damaging four businesses in downtown Granite City.

The boy, Steven Wayne North, a seventh grader of Central school, is being held by the Illinois Youth Commission on a parole violation. He was questioned yesterday afternoon by local police and fire officials and two deputy state fire marshals. The marshals are to submit a report to the Madison county state's attorney. No charges have been filed against the boy.

## 3 of 4 Businesses To Reopen Quickly

Quick recoveries are planned by three of the four businesses damaged in Tuesday's early morning blaze in downtown Granite City.

The burned out J & R Motor Supply store, at 1310 Niedringhaus avenue, will reopen as soon as possible in the former Tri-City Grocery building at 20th and State streets; while Skotky's Jewelry and Frank's Card shop, at 1314 Niedringhaus, which were badly damaged by smoke and water, are to reopen Monday in the Commerce building, 1025 Edison avenue.

The Granite City Dental Laboratory, which was above J & R, was a total loss, but arrangements were made yesterday to reopen in the Schermer building, 1915a Delmar avenue. Only the reopening of Simpson's restaurant, 1316 Niedringhaus avenue, is undecided.

**New Building Planned**  
H. D. Karandhoff, local banker who owns the two-story brick structures that were virtually destroyed, told the Press-Record plans to erect new buildings in the busy downtown section and is working diligently to relocate the tenants.

The burned front office suites above the card shop and restaurant were vacant. The late Dr. R. G. Heidinger had dental offices and living quarters there.

**J & R Finds Quarters**  
Albert Woods, manager of J & R, said he had received instructions from his firm's main office in Chicago to find suitable quarters and reopen as soon as possible and that merchants would be encouraged to him as it becomes available.

Woods was able to find his Christmas lay-away purchase orders intact, but at present, has no merchandise available except about 100 bicycles that had been in the store's inventory. His estimates of the merchandise loss, including toys and auto parts, are \$100,000 to \$150,000.

**Water Soaked Value Cards**  
Frank's Card Shop, said his entire stock was ruined, along with his Christmas merchandise and other items. However, he is contacting salesmen to restock for the Christmas season in the Commerce building. Jack Wilson, who operates a watch repair store, also is moving into the Commerce building.

Rutledge said he had completed his Christmas card displays on the first floor, just hours before the blaze broke out at the next door J & R store. His seasonal merchandise that was stored in the basement was in four feet of water.

**Dental Lab Relocates**  
James Dimittroff, operator of the Granite City Dental Laboratory, reopened a temporary laboratory today in the Schermer building, 1915a Delmar avenue, with new equipment and supplies brought over Tuesday from St. Louis, under a matter of hours after the fire had destroyed the other laboratory.

"Everything was a total loss," Dimittroff said. "We lost everything in the lab which fell through to the floor below. We won't know how many dentures were lost until we can make an inventory."

Dimittroff pointed out that it (Continued on page 5, col. 3)

**Moran Gets 'Short' Appellate Term**

George J. Moran of Granite City, died the day after term on the appellate court bench of the Fifth Judicial District Monday afternoon as the three newly-elected judges met in Mount Vernon to determine assignment of the six, eight and ten-year terms.

The assignments were decided by lot, with the judges drawing slips of paper for a hat in which the figures 6, 8 and 10 had been written. Joseph H. Goldenbergh of East Louis drew the eight-year term and Edward Eberspacher of Shelbyville won the 10-year assignment.

The three new judges were elected Nov. 3 and are to take office in ceremonies to be held in the courtroom at Mount Vernon at 3 p.m. Monday, Dec. 7.

Under the new judicial code the appellate court judges, as the case of circuit judges, will not be required to run for reelection on a partisan basis upon expiration of their terms. At the end of their present terms their names will be presented to the voters on the basis of whether or not they shall be retained in office.

## Thanksgiving Service Set Tonight; Public Invited

Rev. James R. Craddock, minister of Central Christian Church, will deliver the sermon at 7:30 p.m. today for the annual Union Thanksgiving Service at the Naneoki Methodist Church, Pontoon road and Marwood avenue, under sponsorship of the Quad-Cities Ministerial Association. The sermon will be "The Service of Gratitude."

Other ministers participating in the service will be Rev. Frank Rogers of the Naneoki Methodist Church, Rev. Edwin Carver of the Good Shepherd Evangelical Union Brethren Church and Rev. Robert Baumann of St. Peter & R. Church.

The public is invited to the community service. The choir of the Naneoki Methodist Church will sing two anthems under the direction of Robert Key. Mrs. Edna Hensley will be the organist. The service was planned by members of the Quad-Cities Ministerial Alliance under the direction of its president, Rev. Dr. David A. Maxton of the First United Presbyterian Church, and the chairman of the Special Services committee, Rev. R. R. R. of the Naneoki Methodist Church.

## Teen Town At Y Formed In '43 By The Rotary-Anns

The YMCA Teen Town, organized by the Granite City Rotary-Anns, this year is observing its 21st anniversary. Local Rotarians were told by Brian Bronsman, teenage director, at the club's luncheon meeting Tuesday at the YMCA.

Bronsman said Teen Town has grown to an annual membership in excess of 400, and serves an additional 1000 young people. Each club has two adult advisors and the members participate in a wide variety of social, physical and civic activities.

Probably the best known social activity is the weekly Teen Town dance, Bronsman related. "However, the teenagers also have raised \$1300 in a one-day candy sale for the benefit of World Service, and each Thanksgiving and Christmas prepare a number of baskets to be given to the needy by the Salvation Army, Protestant and Catholic churches."

Conditions have changed substantially since 1943, the director continued, and the "joke box" is no longer an attraction for dances. "We must now have an orchestra to bring out the youngsters for today's teenage audience has money in his pocket and an automobile at his disposal."

Along with the changes there also have been new problems such as truancy, dropping out of school, and dropping out of school.

Teen Town executive council of eight youths is being established to make recommendations to the 40-member board. Heretofore, the unwieldy size of the board made functioning difficult.

Bronsman was introduced by Dan Smith, program chairman, also a member of the "Y." A final report on last August's Horse Show, a Rotary community service project, and expenditures of \$3119 and expenditures of \$21567, leaving a balance of \$3033.33. Of this amount, \$2000 was spent to buy two police dogs for the Granite City police department and to train two members of the force as their handlers.

## IRS Official Explains 'Underwithholding'

The second stage of the 1964 tax cut which will become effective Jan. 1, 1965, should end the underwithholding problem for many taxpayers it was pointed out today by Jay G. Philpott, district director of Internal Revenue, Springfield.

Personal income tax rates will range from 14 to 70% for 1965 compared to the 16 to 70% range of 1964.

Director Philpott said that the 1965 withholding rate on wages and salary payments adopted in 1964 will remain the same in 1965.

Some taxpayers will be underwithheld on 1964 tax payments because the lower withholding rate went into effect earlier than the final tax rate reduction, Philpott said that for many lower income taxpayers this underwithholding problem should be eliminated in 1965.

Withholding on wages and salaries is designed to put the majority of taxpayers on a "pay-as-you-go" tax basis. For middle and upper income taxpayers, increased withholding, or quarterly payments of estimated tax, are generally necessary to keep them on a current tax basis.

## City Bills, Salaries Amount to \$51,898

A \$16,702 bill list and \$35,196 half-month payroll were approved Monday night by Granite City council members for the total disbursement of \$51,898.

Largest item on the bill list was \$12,201 paid to LeMay-United Disposal, Inc., for November trash and garbage collection. David Johnston & Associates, engineers, was paid \$12,212 for inspections on two motor fuel tax projects. Westlawn avenue (\$1225) and West 24th street (\$897).

Allowances included on the list were \$50 for Delbert Lumpkin, \$50 for Police Chief William Wardell, and \$60 for Earl Bloomquist, city building inspector.

Aldermen receiving \$30 monthly allowances were Steve Basarich, J. D. Bergfeld, Clyde Boyd, William Dallas, Ford Johnson, Charles Moerlein, Walter Mon, Candy Pence, Paul Rutledge, Casmer Skulish and Samuel Whitmer.

City Atty. George Pileoff Jr. was paid \$75 as reimbursement for stenographic and typing charges.

Leagues Start Next Week

## Park Cage Program Will Open Saturday

The biggest basketball program in Granite City park district history opens Saturday with grade school boys participating in the morning and open play scheduled for the afternoon. Organized leagues begin play next week.

Harold Brown, director of parks and recreation, said fifth and sixth grade boys will report for 9 to 10:30 a.m. sessions and third and fourth grade boys for 10:30 to noon sessions Saturday at three basketball centers.

Pupils at Niedringhaus, Sacred Heart, Weister, Marshall, Wilson, McKinley, St. Joseph's and Emerson schools should report to Coolidge junior high school's gymnasium. Boys attending St. Elizabeth's, Maryville, Nameoki and Frohardt schools should report to the Nameoki gym. Those from Logan, Logan Annex and Washington schools should report to Postle junior high school.

Instructors will be Leon Campbell and Roger Smith at Coolidge, Ronald Coleman and Ronald Eads at Nameoki and Bill Stegemier at Prather. All are physical education teachers.

**Change of Shoes.** Brown emphasized that boys should carry their basketball shoes to the gymnasium and change into them there to avoid dirtying the floors. Those who have not paid for the required insurance in previous park activities should bring 75 cents for that purpose, he said.

There will be open play from 1 to 4 p.m. Saturday and every Saturday except during the Christmas holidays at Coolidge and Nameoki schools. There is no charge but players must bring their own basketballs and again, carry playing shoes to the gym.

Brown also announced there are eight teams entered in the park's Classic League, five in the Class A League (new this year), five in the Church League and 10 in the High School League.

The expected six teams in the Junior High School League, still in formation, would make 34 teams in the organized leagues, a record number.

The first week's schedule follows:

**MONDAY, NOV. 30**  
CLASSIC LEAGUE (EAST) at Prather — 7 p.m., Rawland vs. Sacred Heart; 8:15 p.m., Pizzo Pizzo vs. Soling.

**CHURCH LEAGUE at Coolidge** — 7 p.m., Second Baptist vs. Suburban Baptist; 8:15 p.m., Trinity Lutheran vs. St. Joseph's.

**TUESDAY, DEC. 1**  
CLASS A LEAGUE at Coolidge — 7 p.m., MacBeens vs. Farmers; 8:15 p.m., Ill-Mu Clinton vs. Teachers.

**WEDNESDAY, DEC. 2**  
HIGH SCHOOL LEAGUE (WEST) at Coolidge — 6:30 p.m., Park's Conference vs. Rea Club No. 1; 7:30 p.m., YMCA vs. Twilight Optimist; 8:30 p.m., Shamons vs. Rockets.

**CLASSIC LEAGUE (WEST) at Prather** — 7 p.m., Madison Road vs. A. H. Seabald; 8:15 p.m., McKinley Bridge vs. Bowie Trucking.

**THURSDAY, DEC. 3**  
HIGH SCHOOL LEAGUE (EAST) at Coolidge — 7 p.m., Trotter's Tutors vs. Browns; 8 p.m., Rea Club No. 2 vs. Holland Asphalt.

**Deer Trip Success For Granite City**

Two Granite City hunters were among seven hunters who bagged the limit of seven deer on a trip to Union county. They shot three bucks and four does.

Bill McKee and Thomas Austin were the local men. Others were Paul Cox of Rosewood Heights, Joe Fizzell of Modera, Mac McKee of Godfrey, Rich Crockett of Jerseyville and Farley Davis of Roxana. One deer, a 36-pounder, was thought to be a large swamp rabbit until the animal was identified at the check-in station.

## Trojans Open Slate Friday With Sparta

Short on height, experience and bench strength, the Madison Trojans open their high school basketball season Friday night against the Sparta Bulldogs. The junior varsity game starts at 6:30 p.m. and the varsity at 8:15 p.m. in the MISL gymnasium.

Captain Earl McLanahan has only two lettermen, 6-2 Paul Luck and 5-10 Dale Turner, back from last year's 19-5 team. Both important cogs in the Trojans' regular lineup, they are juniors this season.

Other promising candidates are seniors Carl Marr (5-9) and Victor McLaughlin (6-0) juniors, Tom Owens (5-8), Alton Rendell (5-11) and Tom Williams (5-8) and sophomore Ron Burt (5-6).

To compound the various lackings, the Trojans have had only nine workouts since the football season ended and appear likely to squeeze in only one more session before the opener.

Rebounding will be a problem with superstar Cecil Bell, the spring-legged stalwart of the team.

## Two Highland Players Unanimous; Madison Places Four on 2nd Team

Roxana and Cahokia, two of three high school football teams which tied for the championship this season, dominate the Press-Record's seventh annual All-Midwestern Conference team.

Five Roxana Shells and four Cahokia Comanches were selected in balloting by the six head coaches in the conference. The Highland Bulldogs who also tied for the title with a 4-1 league record, had two representatives on the team, and the fourth-place Civic Memorial Eagles of Bethalto placed one player.

A tie in the voting gave quarterbacks Don Witherow of Roxana and Ronnie Belt of Cahokia equal status, and so this year's team includes 12 athletes. The fifth-place Madison Trojans and the winless Dupu Tigers did not have representatives on the first unit, although Madison had four on the second team.

Trojans named to the second unit were three seniors — center Bob Clinton, guard Ezell Muller and tackle Jack Miller — and junior halfback Paul Luck.

Other teams represented on the second unit were Highland (three players), Cahokia (two) and Bethalto (one). The second team has only 10 players, due to the quarterback tie on the first team.

Coaches participating in the voting were Mo Tschannen, Roxana; Pete Truman, Cahokia; Frank Prehal, Highland; Ed Hartweger, Bethalto; Glen Pickens, Madison, and Don Bru

past two seasons, lost by graduation. Bell was also the club's, as well as one of the areas, top prep point-makers.

Sparta's Bulldogs, who posted a 19-5 record last year and won the championship in the strong Southwestern Egyptian Conference, have a new coach this year in Dave Shannahan. That's a similar situation the Trojans faced last season (they lost by 72-66), so the locals will have to be ready for anything.

"People don't realize all the different defenses and all the different situations you run into in basketball these days," said McLanahan. "We'll just have to go over everything once over lightly and hope we can adjust to anything they might throw at us."

Bell Leaves Gap

Rebounding will be a problem with superstar Cecil Bell, the spring-legged stalwart of the team.

and blocker, and did all the kicking off for the shells.

Two of Dossett's interior line teammates also made the team.

Crause, Rhodes Named

Roxana tackle Bob Crause, at 225 pounds, is the heaviest on the team and he was quick to shove his weight around with savage blocking all season long.

Teammate Lanny Rhodes, all-conference guard, has less weight (160) to pack around but used it just as effectively.

Rhodes, the Shells' defensive captain, led the team in tackles as center linebacker, led most of the running plays as pulling guard and was honored by his teammates as being the best defensive player and having the most spirit and hustle on the squad.

The other guard spot is filled by Cahokia's pulling guard, Bob Calhoun, called "the backbone of our offensive game" by coach Truman. He also blustered the defense with 110 tackles in the Comanches' 10 games.

Another near-unanimous pick is Comanches' Tackle Bill Lazenby, who made 90 tackles, was a strong blocker and did the Cahokia's greatest trick when he blocked off a Dupu pass and ran 57 yards for a touchdown.

Here are the conference and overall records of the Midwestern teams: Highland, 4-1 and 7-2; Roxana, 4-1 and 6-5; Cahokia, 4-1 and 5-4; Bethalto, 2-3 and 4-6; Madison, 1-4 and 1-7; and Dupu, 0-5 and 0-9.

I rejoice with those who rejoice, and am too apt to weep with those who weep, but over and above it all are eternal sunshine and joy unspeakable.

# Two 45s But Devils Sow on Draw

Venice's Red Devils had a pair of 45s last night but they were a bit slow on the draw and were out until the last 12 minutes of play to free away toward a 61-44 prep basketball triumph over the host Columbia Eagles.

It was the second victory in three outings for the Devils, who have a nine-point lead in the ongoing Madison-Clinton-Madison Conference play Dec. 4 at Vespene. The Devils are defending MCM champs.

"It took us a while to get going," said Coach Bill Ohlendorf after the game. "Then we finally got some good defensive work in the second half."

And assistant coach Stan Leach quickly nodded agreement to Ohlendorf's head-shaking statement: "We've still got a lot of work to do."

But that's typical at this stage of the season, especially in view of the Venice team's youth in basketball and the difficulties in blending the talents of two separate teams (caused by this year's merger of Venice and Lincoln high schools).

**Devils Edge Technical**  
The pair of 45s came in play late in the second quarter, but they weren't of the Colt firearm variety. When Ohlendorf sent Jesse Hall into the game, officials on the Venice bench were quick to protest, already in the lineup, both were wearing number 45. Since the error was made before the game, the officials ruled the game continued. Venice escaped without a technical foul.

At that point, a Columbia free throw could have been important, since Venice held a slim 22-19 edge. But Hall was permitted to change into another uniform jersey and the Red Devils were not penalized.

Columbia trailed throughout the game but Venice was hard pressed to keep ahead in the first half. Thanks mainly to guard Rich Essington's accurate jump shot, but Hall points in the half they were ahead 26-23 at intermission.

**Puent's All-Help**  
It was also nip-and-tuck during the first part of the third period and, with the score 29-29, the Eagles had the ball with a chance to tie the game. But, then Greg Puent swiped the ball at mid-court and drove in for a crucial layup which seemed to spark the Devils.

During the second half, minutes the Devils began to pull away, led by outscoring Columbia 18-11. Percy Dillon, who had seven points in the second half, led Venice with 18 points but Esington was right behind with 17. Sophomore Denney Hill, setting a starting role as Ohlendorf continues to seek the right combination of players, led and scored eight points.

Jeff Halstead's 15, Dave Cui's 12 and Bill Todd's 12, plus the second half, led Venice to a 45-35 triumph with Jerome McGee scoring 13, Puent 12 and Roger Schaffert eight.

**VENICE 61, COLUMBIA 44**  
Individual scores:  
Venice: Dillon 18, Esington 17, McGee 13, Puent 12, Schaffert 8, Todd 12.  
Columbia: Halstead 15, Cui 12, McGee 13, Puent 12, Schaffert 8, Todd 12.

**Pin Sweepstakes**  
Will Open Monday  
Dates of the fifth annual Columbia City Sweepstakes will be held Monday, Nov. 20, through Dec. 4; it was announced today.

Winners will be determined by a drawing of the difference between 210 and the bowler's actual average. Scores will be based on a single game played during next week will be used.

Prizes in both the men's and women's divisions are first place, \$100; second, \$50; third, \$25; and high scratch prize, \$12.50; and high scratch prize, \$12.50.

Actual prize money will be based on the number of entrants in each division. The estimated prizes are based on the expected number of entrants of 400 men and 400 women.

Proceeds of the annual affair go toward purchase of a speech therapy teaching aid for the Granite City school district. All three local leagues—Tri-Mor, Bowland and Madison Bowl—are participating.

**Playoffs Slated**  
In YMCA Soccer  
Five YMCA Soccer League games are scheduled for Saturday at Coolidge Junior high school. All are in post-season playoff series.

In the Midget Division, GUT plays Twilight Optimist at 1:30 p.m. and Lincoln Park meets the Bricklayers at 2:45 p.m. Atom games pit Mexican Holyrover and Buckers at 1 p.m. and Gitchett and St. Elizabeth's at 2 p.m.

Buzz and Granite City Steel Credit Union play at 3 p.m. in the Band Division. The Ruler Mendoza said additional Atom and Bantam games will be played Sunday and managers will be informed of playing times Saturday.

**Park Wrestling Starts**  
At Community Center  
The Granite City park district's wrestling program for boys will start Saturday with a session from 9 a.m. to noon at the Lincoln Park Community Center. Originally, the program was scheduled for the Coolidge junior high school gym.

Boys in grades one through nine will be instructed by Walter Whitaker, coach at Prather junior high. They will wrestle in their own weight and age groups.

**Venice Eighth Graders**  
Downed by Wood River  
Host Wood River dominated the rebounding and defeated Venice's eighth graders 52-28 last night. Larry James scored 12 points for the little River.

In seventh grade action, Wood River won 30-27 as Joe Miller put on a one-man show for Venice with 17 markers.

**GC Fireman Injured**  
During the blaze, Granite City fireman William Seago, 29, of 2304 Sheridan avenue, was knocked down by water from a deluge gun. He was operating a hose on the roof of the Kiesel Agency building, 1304 N. Niedeberg avenue, pouring water into the dental laboratory, when the mishap occurred.

Seago, with an injury to his right ear, was able to descend the ladder alone, and an ambulance, which had been standing by since the first alarm sounded, took him to St. Elizabeth Hospital. He reported lack of duty at the main fire station about midnight Tuesday.

At the peak of the blaze when firemen were fighting the flames from all possible angles, he poured the fire might jump a four-foot runway between Simpson's and the fire station.

At the time, the fire station was occupied by firemen from 1318 Niedeberg avenue. Firemen estimated they took about 15 minutes to get to the scene.

While the depot's deluge gun was on the roof, the city's deluge truck was in the alley. Assistant Fire Chief Curly Donley said there were 14 lines in operation from four pumps.

**Hoses at All Angles**  
The firemen with hoses were on the roof of Joseph Schumacher's last floor, in the alley at the rear of the building, structures and on the second floor back porch at 1927 Edison avenue, all pouring water onto the blaze.

The water reached a depth of six to eight inches in the second floor offices and nearly at foot on the ground floors of the businesses. Four to six feet of water was in the basements.

The concentration of hoses poured water from several angles to the Steeple-Kunemann building, which also houses the Granite City Police Department and Dr. R. L. Younger's dental office.

The Steeple-Kunemann building also is against the Reese Drug store building. Jack Reese was on the old porch with a number of employees, ready to empty the store of valuables, but it was not necessary.

Yeresa was with the fire. Justice Schuman also was at the scene with members of his family, ready to help his officers to get valuable files.

During the early hours, Frank Reese, president of the Granite City Police, was in the building. He was in the building, which also houses the Granite City Police Department and Dr. R. L. Younger's dental office.

# Two Area Newspapers

Members of the International Typographical Union began picketing this morning at the Eastwardville Intelligencer and the Journal-Examiner, two newspapers owned by Lindsay-Schaub, a newspaper chain based at 630 a.m. at East St. Louis and 7:45 a.m. at Eastwardville.

No specific time for further negotiations has been set. The strike halted operation of the Intelligencer, but the Journal-Examiner continued to publish daily.

Talks had been conducted several times, but no agreement on the chain expressed surprise at the Eastwardville strike, first in that newspaper's 103-year history.

The union official said the joint ownership, adding that action against other members of the chain was being considered.

A strike vote had been taken this fall at the Journal-Examiner, but the union said the vote was not binding.

Previous contracts expired June 30, 1964, at Eastwardville and Dec. 31, 1962, at East St. Louis, where the point of dispute is the method of figuring pension contributions. Local union officials include the proportion of employee-employer medical-hospitalization insurance payments and the effective date of a work week provision.

**Auxiliary Plans Christmas Party**  
The Eagles Auxiliary met last night with Mrs. Dolores Kiesel, president, in charge, and announced was made of a district meeting in Belleville Sunday at 2 p.m.

At the Christmas dinner to be held Dec. 8 preceding the regular meeting, Mrs. Kiesel will be served at 6:30 and members are asked to have a \$1 gift for the Christmas fund.

The special prize was won by Mrs. Dottie Shuppert and Mrs. Florence Hagauer.

Refreshments were served by Mrs. Kiesel after the meeting.

was reported about 8:45 a.m. when the last steady creek of firemen departed.

Police and firemen utilized the city's new walkie-talkie units to maintain regular police posts to the rear of the building.

Crewmen of Illinois Power Co. cut off electricity and gas to the damaged buildings and threatened by the flames. It also was necessary to call a gasoline truck to refuel the fire department's pumps.

**Boy's Confession**  
The boy, who was released from the city jail at 11:45 a.m. today to the Illinois Youth Commission for return to the St. Charles school, signed a statement about 3:30 p.m. yesterday.

He related that he was alone when he left the three-story dental laboratory and was walking through the alley on his way to West Grand.

He said he was unable to get a reason why he put a match to the pile of boxes and waste paper, but said that after he threw the match, he walked on to West Grand.

The boy said he smoked several cigarettes before getting out and it was not until he got up to go to school that he learned the reason why he was blocked off extended from 18th to 20th street between Cleveland Blvd. and St. Charles street.

A Swedberg section of Niedeberg avenue was still blocked Tuesday to morning rush hour traffic but over to the CVS.

of for a correction in the minutes of the Nov. 16 meeting to have Mrs. Bettine's October letter on the treatment plant equipment changed from being changed to the construction award contract to be placed on file. In that letter a point of order was called by Acting Mayor Rutledge against Alderman Schumacher, who had asked Mrs. Bettine to support. By a tie vote in a motion to override Rutledge's decision, Mrs. Bettine's call against the treatment plant equipment was approved by the U.S. Public Health Department.

Mrs. Bettine then called for a referendum and supported by Alderman Bergfield.

**Deferral Action Ignored**  
Rutledge refused to recognize the deferral request.

Moelrich was permitted to read his report and it was placed on the agenda for a week.

The dispute over equipment for the treatment plant is a \$27,000 difference in price on the filter equipment.

The base bid of \$131,100 for the Koonline - Sanderson filter with a 20-year stainless steel equipment is \$108,000 estimated by the project engineer and \$27,000 higher than the 2500-hour cloth filter equipment under the alternate proposal by Elmo Co. in addition to others, may participate in the pollution abatement project and, if so, rates will be considerably lower.

The council approved purchase of two police cars from Mathews Chevrolet at a net price of \$2500. Two other bids were \$2600 by Elledge Motors and \$3441 by the B. E. Holt Agency.

Two tradesmen were involved, and the purchase is contingent on the receipt of a letter from the Mathews firm. Specifications read that 1963 and 1964 models would be traded in, but Police Chief Emmett Padua reported that one of the tradesmen is a 1962 model rather than a 1963.

## New Hope Chapter 432, OES, Holds Officer Installation

An impressive ceremony marked the 65th annual installation of officers of New Hope Chapter 432, Order of the Eastern Star of Illinois Monday evening at the Masonic Temple.

The chapter room was decorated with blue candles in the East and West. Runners of white extended from East to West and North and South. A basket of pink carnations stood in front of the pedestal in the East while a tree of pink carnations was used in the West. Attached to the backs of the white-covered stumpy chairs were gold stars, together with the floral emblem of each point. Miss Mary Edwards and Mrs. Martha Bronsman, daughters of the worthy matron-elect, lighted the candles.

Miss Carolyn Cook entered the chapter room carrying the Bible which she placed upon the altar while Ralph Ackerman of East St. Louis sang "Prayer is the Key to Heaven."

Mrs. Estella McElroy, worthy matron, and Phil Morrison, worthy patron, substituting for Arthur Gillham, entered the room, and the former welcomed the members and guests, many of whom were from out of town. Mrs. Elfreda Barr, a past grand matron, was introduced as were other past matrons and patrons of the chapter. The ode to the flag was given by William Hayes, a son of the worthy patron elect, and the installation ceremony proceeded.

Helen Merz, Marie Hoesstra and Bess Weiss served as installing officer, installing marshal and installing chaplain. All are past matrons. They were escorted by Loy Hixon, Max Merz Sr. and Adolph Weiss, past patrons of the chapter. Belva Hixon was installing organist, taking office with the worthy matron and patron were the following: Sara Dempsey, associate matron; Jack Dempsey, associate patron; Bess Weiss, secretary; Louise Cook, treasurer; Carol Cook, conductress; Ruby Wood, associate conductress; Gertrude Lowry, chaplain; Ruth Hayes, musicalist; Agnes McKissick, organist; Irene Kessler, Adah; Evelyn Caple, Ruth; Lucille Pudvar, Esther; Gertrude Ashford, Martha; Ruth Thompson, Electa; Virginia Davis, warder; Frank Jones, sentinel; Max Merz Sr., color bearer; Elfreda Barr, instructress.

After receiving the badge of her office the worthy matron was presented with an arm bouquet of pink carnations by the installing marshal, Marie Hoesstra, the soloist sang "Invincible Hand." The worthy patron received his badge of office and was presented with a buttonhole by Miss Donna Chestnut while the soloist sang "My God and I."

The retiring matron received her past officer jewel from her daughter, Miss Margaret McElroy, an Arthur Gillham's jewel was presented by his wife and the newly installed matron and patron also affixed their signatures in the Bible.

Mrs. Edwards was escorted by her husband, Winfred Edwards, and Mrs. Ruth Hayes, wife of the patron, served as his escort. The soloist sang "How Great Thou Art" and the matron and patron stood at the altar for the closing ceremony. Roger Wade, worshipful master of Temple Lodge 835, gave the benediction and a reception followed in the dining room.

## Illinois Power Joins Largest U.S. Power Pool

Organization of the largest power pooling network in the U.S. was announced today by a group of electric companies operating in an area embracing much of the midwestern part of the country and extending east as far as Virginia. Included is Illinois Power Co.

The group has set up a formal regional organization called the Mid-America Interpool Network (MAIN). Electric systems involved include American Electric Power Corporation, Commonwealth Edison Company, the Illinois-Missouri Pool, the Indiana Power Pool and the Wisconsin Planning Group.

Members of MAIN, which for more than a year have cooperated on an informal basis, will plan and coordinate the power supplies for their service areas under the new arrangement. These systems use 345,000-volt transmission lines and other high voltage facilities for extensive interchange of electricity.

The program involves operations in 10 states—Illinois, Indiana, Kentucky, Ohio, southern Michigan, Missouri, Tennessee, Virginia, West Virginia and Wisconsin. More than 7,000,000 customers are served in this region. Utilities interconnected with MAIN members include public as well as investor-owned systems.

The members and their pool affiliates now have total electric generating capacity of approximately 27,000,000 kilowatts. By 1968, this capacity total will exceed 34,000,000. By 1980, it is estimated, it will reach the 70,000,000-kilowatt mark.

Members and their pool affiliates operate more than 100 generating stations. All are interconnected by transmission lines. Bulk power ultimately will move between groups over a network of extra-high-voltage lines at the 345,000-volt level. The 1,800 miles of EHV line now operated by the members will be about doubled by 1970.

**\$7 Billion Construction**  
Members of the group estimate the construction programs for generating and transmission facilities in the network's area between now and 1980 will total more than seven billion dollars. MAIN was organized at a recent meeting in Chicago attended by principals of each of the member power systems. First chairman and present spokesman is Thomas G. Ayers, president of Commonwealth Edison, Illinois-Missouri Pool participants are Illinois Power, Union Electric Co. and Central Illinois Public Service Co.

Additional members representing pools having 345,000-volt transmission lines operating in areas contiguous to those of the initial group are in prospect, Ayers reported.

He said it is expected that MAPP (Mid-continent Area Power Planners), a large regional pooling group operating in the states immediately west of the MAIN area and in the province of Manitoba, Canada, will be represented in MAIN. Inclusion of a MAPP representative in MAIN would provide inter-regional coordination and assure continuity of planning for the large EHV grid which will cover both areas.

**Link West of Here**  
Another group of companies serving portions of Missouri, Kansas, Arkansas and Oklahoma is considering formation of a power pool and building a 345-kv. interconnection with the Illinois-Missouri pool. If this arrangement is consummated, it will further extend the benefits of cooperative planning through representation in MAIN.

"The informal cooperation between members of MAIN over the last year or two has brought such gratifying results that the decision was made to set up this new organization," Ayers commented.

"One of the principal benefits to be derived will be reductions in investment costs through coordinated planning of generating and transmission facilities. This principle has been demonstrated by three MAIN members—American Electric Power, Commonwealth Edison and Wisconsin Electric Power Company—who have been able through interchange of power to delay, for significant periods during the last few years, generating station construction expenditures of approximately \$100,000,000 through coordinated planning."

In the light of these benefits gained through an informal association, the member companies foresee even greater savings in the future from formalizing our joint planning operations.

"These savings in turn will mean lower prices for customers."

## Kerner To Seek Elimination of Personal Taxes

Elimination of the personal property tax as an "unfair, confiscatory" tax that is almost impossible to assess fairly or collect will be a top item on Gov. Kerner's 1963 legislative program, it was announced this week.

Gov. Kerner will press for adoption of a new revenue article in which the governor said he also will seek to provide local governments with funds to do their jobs without "having to turn to the state for money."

Assessment and collection of personal property taxes is foremost among local tax problems in Madison county and only in recent months has been the subject of criticism by local collectors because of large delinquencies that build up in the personal tax books. Many taxpayers refuse to pay personal taxes on the basis of inequities in assessments.

Kerner said his proposed revenue article will be identical to one sought unsuccessfully in the 1962 legislative session. "I think that the people are ready for a new revenue article and I hope the Legislators are," the governor said. He noted that the 1963 proposal classified real estate for tax purposes and added that "too much of the tax burden falls on real estate today."

Other major items listed on his program include reorganization of the House and Senate; a substantial increase in state aid to education; adoption of a master plan for education and departmental status for the Illinois Board of Economic Development.

## CD Bldg. Roof Repair Under Study by City

Bids of \$470 and \$495 to repair hail damage to the roof of the city's civil defense building, 1411 Nineteenth street, are under study by Granite City council members. The bids of \$470 by Madison Roofing Co. and \$495 by Biebel Roofing Co. were presented Monday night. The council received \$50 from the insurance company for the damage.

Purchase of four typewriters for the police department was approved, following a debate over a suggestion that only one typewriter be purchased and a stenographer hired for the department.

The typewriters to cost \$712 will be bought from Triangle Typewriter & Supply Co. Four old machines used by the department are to be traded in. Partner suggested the hiring of a stenographer. It was brought out the typewriters will be used in various rooms of the department and that officers and detectives have been typing their individual reports. Assistant Chief Jell said it would be necessary to have stenographers around-the-clock to eliminate typing by officers.

## Talks by Legislators At Tri-City Bar Dinner

First Granite City National Bank next Monday night will sponsor a Tri-City Bar Association dinner meeting at which state legislators will discuss the upcoming 1963 session. Circuit and associate circuit judges and area mayors also will participate, and the Tri-City Bar will present judicial robes to George Moran, Granite City attorney who was elected Nov. 5 as an appellate court judge.

A social hour is set for 6:30 at Tony's restaurant, with the dinner following at 7:30. Attorney Maurice Dailey will preside. Speakers will be Senator Paul Simon, Representatives Lloyd C. Harris, Leland J. Kennedy and Ralph T. Smith, and Daniel O'Neill, who is believed to have been elected as a state representative.

## Sears Opens Nameoki Village Catalog Store

Grand opening of the newly-established Sears, Roebuck & Co. Catalog store at 25 Nameoki Village shopping center will be held Friday and Saturday with the award of free catalogues, prizes and slow catalogs to weekend patrons.

The new store also includes a retail appliance department through which delivery on all types of appliances, motor tools and other items can be obtained. Hugh Hargrison, Troy, is manager of the new catalog store. He was assigned to the Nameoki Village unit from the East St. Louis Sears store where he previously worked.

## City Sells Property to State for Nameoki Rd. Widening

Sale of a 353 square foot piece of property in front of the Nameoki road fire station to the state for \$230 for the future widening of Nameoki road was approved Monday night by Granite City council members.

The ordinance was first proposed for first reading, but it was decided to suspend rules for final approval immediately in order not to cause any delay in right-of-way acquisition for the widening and improvement project.

A strip of property seven feet in depth and slightly over 50 feet wide is being taken by the state for the Nameoki road project. Similar right-of-way is required in the three block stretch adjacent to the station house.

Temporary Widening Proposed Alderman Ford Johnson suggested the Street committee should look into the possibility of the city going ahead with widening the roadway in a temporary manner between Johnson road and Richmond avenue, utilizing the old Illinois Terminal Railroad trolley roadbed.

"The roadbed is in good condition and the street department should be able to do the job to provide at least temporary relief of traffic congestion until the state's widening project is done," Johnson commented.

Seeks Road Annexation Alderman Earl Thompson asked that an ordinance be prepared to annex the section of Johnson road to Edgewood drive to Clark avenue. The city has plans for improvement of Johnson road in the future under a motor fuel tax project.

Work is expected to be started in the near future for installation of a sidewalk along West 25th street between Missouri avenue and Logan street. A utility pole has to be removed from the right-of-way and the contractor, Ellsworth Concrete Co., is being advised to start as soon as the pole is moved and weather permits.

## Dance Set Tonight At YMCA Teen Town

A Thanksgiving dance will be held tonight from 8:30 to 11:30 at the YMCA Teen Town with music provided by the "Escapades" combo.

Admission is 75 cents per person and all young people are invited to attend.

The dance is being sponsored by the "Y" Swim department. All proceeds will go toward the purchase of safety equipment for the "Y" swimming pool.

## County Farm Bureau to Hold Annual Meeting

Harold Heepke, president, has called the 46th annual business meeting of the Madison County Farm Bureau for the Edwardsville high school cafeteria Saturday at 10 a.m.

Charles S. Mayfield, secretary of the Illinois Agricultural Association (State Farm Bureau), will be guest speaker. He will talk on "today's needs for a strong organization of farmers."

## GC Kiwanis Hear Details On Interstate Highways

A review of the current status of the interstate highway building program by Charles E. Eck, of Granite Steel Products, a local Kiwanis district official, Lt. Gov. George Barnhart of Glen Carbon, highlighted the Granite City Kiwanis' dinner meeting on Monday evening at the Rose Bowl restaurant.

Eck, who serves as assistant manager for general sales and highway products with Granite, was introduced by William Herman, program chairman. Eck spoke on the subject, "What Your Highways Mean to You," and displayed a large map with interstate routes illustrated in construction stages. He reported that completion of the interstate highway program was slated for 1969 but is running behind schedule.

New interstate routes are to

be numbered consecutively, Eck said, with north and south highways in uneven sequence and east-west throughways in even numbers. By-passes, or interchange systems around large metropolitan areas, will be marked with an additional digit preceding the interstate number, Eck said.

Following his talk, the guest speaker was presented with a certificate of appreciation by Merlin Hesser.

Joseph Acquaviva, president, welcomed Lt. Gov. Barnhart and 30 Kiwanis from O'Fallon, Ill., who were inter-club guests. Also present was Arnold Cussen of Edwardsville.

Plans were made for three club officials to attend a state training school in Springfield, Nov. 28-Dec. 1. They will be Herbert Schmitt, Alvin Gross and Acquaviva.

## Sewer Location For Trolley Track Removal Approved

Granite City council members continued to express hope for complete removal of abandoned trolley tracks along Madison avenue Monday night when final approval was given Granite City Steel Co. to relocate a 34 to 80-inch trunk line from its property to the center of Madison avenue.

The steel mill project will extend from 19th to 16th street, and the city is trying to find a way to have the dual set of tracks removed from 16th to 18th street.

Relocation of the sewer line is believed to be necessary in connection with the mill's recently announced \$100,000 expansion and modernization program which is to include a new hot strip mill.

Alfred Moerlen pointed out the firm had planned to install the sewer under the sidewalk on the east side, but agreed to spend an additional \$12,000 to place the line in the center of Madison avenue and at the same time remove the tracks.

No starting date has been set for the two-to-three month project.

### ENJOYED WEEKEND TRIP

Mr. and Mrs. Charles Bookins, 2532 East 28th street, and Mr. and Mrs. Theron Bookins, 2292 Gary avenue, returned Monday after a weekend visit with Mr. and Mrs. W. F. Minks of Ellisville, Mo.

Mr. and Mrs. Minks also motored to Granite City to visit with their son and daughter-in-law, Mr. and Mrs. W. E. Minks of Pine street, and their daughter, Mrs. Wilma Bradford and family of Collinsville.

While here, the couple also were guests of Mr. and Mrs. John Petras of Klein street, Venice, where they saw their new great-grandson, John Jr.

The mother is the former Donna Minks.

### CUBS RECEIVE AWARDS

AT PACK MEETING  
The November meeting of Cub Pack 122 was held Monday evening at Wilson school with Mrs. Joan McKinney and Den One presenting the opening ceremony. Flag bearers were James Legate and Richard Ripley.

A short play entitled "Ingredients for a Good Cub Scout" was presented by Den Two club directed by Mrs. Shirley French.

Cubmaster Joe Moutria discussed recruiting new boys for the pack.

After the reciting of the cub scout promise, Robert pins were given to the den mothers, who in turn presented them to the parents. The pins will be worn upside-down until a good deed has been done by the boy.

Robert pins were awarded to James Legate, James Garner Jr. and Gary Wayne Garner, Terry L. Barnes, Alan Thompson, Richard Connolly, Donald Heilecker, Michael Stinson, Mike Meyer, Rodney French, Donald McKinney, Timothy McKinney, Richard Ripley and Scott Taff.

Cubmaster Moutria conducted a candlelight ceremony and reminded each boy of the lasting image of scouting.

Grace was said by Committee Chairman Don McKinney preceding refreshments served by Den One.

## Drive-Up—Not Drive-Into Mailbox

The badly battered drive-up mailbox in front of Granite City's new post office was knocked for a loop Monday night between 7 and 7:30 o'clock. The box was knocked from its curbside mountings all the way out to the front lawn.

A postal clerk, who emptied the box at 7 p.m., said it was intact except for a large dent from an earlier encounter with an eager motorist some months ago, and when he made another trip at 7:30, it was gone from the curb and was in the lawn.

No one inside the office heard the noise of the impact. This time several rivets were torn loose, but because of a shortage of such boxes, it had to be carried back to the curb for continued duty.

## GC Christmas Home Lighting Contest Prizes Total \$200

To encourage more Granite City householders to enter the 1964 Christmas Home Lighting Contest, a total of \$200 in cash awards will be presented to this year's winners by the event's co-sponsors, the Granite City Jaycees and Illinois Power Co., it was announced today by Dr. George Rich, general chairman.

Dr. Rich explained that entries will be judged on originality and conformation to the basic theme of the individual displays. He stressed the amount of expense involved, the size or the number of lights used in displays have no bearing in determining the winners.

Entries will be divided into two categories — religious and non-religious displays. Prizes are identical in each division with \$50 going to first place winners; \$30 for second; and \$20, third.

Entry blanks will be published in the Press-Record or may be obtained from the Illinois Power Co., it was announced today by Dr. George Rich, general chairman.

Deadline for entering the contest is Dec. 20 with judging to take place the week of Dec. 21, Dr. Rich reported. Those who are entering the contest for the first time can get informative booklets describing techniques of outdoor lighting from Miss Dorothy Davis, lighting consultant at Illinois Power Co., Dr. Rich said.

### Authorize First Phase Of United Church Camp

Expenditure of \$283,000 for the first construction phase of a church center and camping project on a site southeast of Nashville near DuBois, Ill., was authorized by South Illinois United Church Camp, a subsidiary of South Illinois Synod Acting Conference of the United Church of Christ in a meeting at Mascoutah.

The beginning construction will consist of a central lodge with complete kitchen and dining facilities for 300 persons, and two cottages with central meeting rooms, bath, and sleeping quarters for 16 persons in each. Also to be built for rustic camping is a corral shower building to accommodate more than 200 campers. Hogans, tepees, boats and canoes will be available for camping.

### Genius Night Contest For Cub Pack 14

Cub Pack 14, sponsored by St. Margaret Mary Catholic Church, met Monday evening at Sacred Heart Church with the theme "Genius Night."

The boys presented creations of their own. The Cub of all Dens had been given items and with their fathers, constructed products of their own imaginations. The finished articles were judged as follows: Robert Wood, Den One, colored wagon; Danny Tegel, Den Three, hula and tropical setting; Mike Costello, Den Nine, circus game; William Laub, Den Two, sport car; Mitchell Blum, Den Four, sailboat and raft; Mark Voegelé, Den Five, tent and flag pole. The judging was conducted by Virgil Worley and John Blum, committee members.

There also was a uniform and appearance inspection of all Cub Dens. Den Three was the winner by commissioner John Mosley. Den Three received the award for having the most parents present.

All Dens participated in skills and refreshments were served. During the uniform inspection a separate meeting was conducted by Cubmaster Kenneth Wood to explain the Pack standing and Cub Scout procedure.

### The Colonades

## Open House at Nursing Home Set This Weekend

The Colonades Nursing Home will hold open houses from 1 to 5 p.m. Saturday and Sunday before it begins operations next week.

The most modern and up-to-date features will be displayed at the nursing home, located off West Pontoon road about a block away from Highway 3.

The home, which sits on a 12½-acre tract, has room for 80 patients. It will employ a staff of 40 persons when operating at full capacity.

Among the many features in the fire-resistant building are air-conditioning which may be controlled from individual rooms, an intercommunications system, two swimming, a recreation room and modern dining, kitchen and living rooms in addition to other technical features.

Heading the staff will be Dr. J. C. Byers and Charles Goff, who will serve as administrators, and a chief nurse.

## Nameoki Board in Routine Meeting

Newly prepared copies of the Nameoki township sewer and sewage treatment plan, complete with area maps and bound in booklet form, were distributed to members of the Nameoki town board Monday night in a brief, routine meeting in which no other action on the sewer program was taken.

The report, outlining in final form cost estimates and other data of the proposed \$1,925,000 program, was prepared by the H. W. Lochner Co., engineering firm of Chicago.

Further action on the sewer program has been delayed pending appointment of committee members. From the various districts involved to form a citizens' committee which will undertake a thorough study of the project at a later date.

John Karlechik, town clerk, said four members are to be appointed from the new Nameoki, Miracle Manor, Bellmore, State Park, Pontoon Beach and general Nameoki area to sit on the committee with town board members, attorneys and engineers in a study of the sewer program.

Supervisor Harry Briggs and Assistant Supervisor Charles Varner were unable to attend Monday night's meeting. Those attending, in addition to Karlechik included Herbert Pulley and Robert Struckeljohn, auditors; Gene Rotter, town collector; and Charles Hanks, highway commissioner.

The board approved routine bills and heard a report from Hanks that a gravel walkway had been laid in the Orville Lane area. Karlechik reported that a \$299 copying machine had been purchased for the office from the Thermofax Co., as authorized in the Nov. 2 meeting.

The meeting was adjourned until Dec. 7.

## Man Pleads Innocent

### Court House, Schools To Be Closed Friday

The Madison county courthouse in Edwardsville and all divisions of the circuit court will be closed Friday to give employees an extra holiday.

Students also are enjoying an extra long weekend and after dismissal today they will not return to classes until Monday morning.

City halls and municipal offices in the Quad-Cities will remain open on Friday.

## Park Ice Skating Rink Discussion Next Week

Representatives of organizations and business firms will participate in a dinner meeting at 6:30 p.m. next Monday at the Rose Hotel to discuss possible installation of an ice skating rink at Wilson Park. Financing plans will occupy a major part of the discussion.

Invitations have been sent through the Granite City park district, which is considering a bond issue to provide funds to construct and equip an artificial rink. Such rinks elsewhere are self-sustaining, with income from their operation adding in retiring the initial debt.

## 2 Utility Pleas Entered

Archie Freeman, 38, of 2134 Grand avenue, pleaded guilty to charges of unlawful use of a weapon and creating a disturbance before Magistrate Gasparovic Monday. The case was taken under advisement. He was released at 10 a.m. Tuesday on \$250 cash bail pending a hearing. He was arrested at 9 p.m. Monday at 19th and State streets.

### Budget Bids Slashed By Finance Committee

The finance committee of the Madison county board of supervisors began slashing departmental budgets as it began preparation of a draft of the county's budget for the 1965 fiscal year.

The committee pruned appropriations requests Monday and Tuesday, paving the way for reduction of services necessitated by the defeat by voters to reduce the county's general tax and rate from 5.5 to 10 cents per \$100 valuation.

The budget is to be up for adoption at the Dec. 16 meeting of the county board. Leslie Pugh, committee chairman, said he hoped the General Assembly will provide a slight increase in the general fund tax rates over a period of several years. He said the county faces the prospect of deficit financing for the next several years.

### Legion Xmas Party for Children Set Dec. 20

The City Post 113 of the American Legion will hold its annual Christmas party for children at 2:30 p.m. Dec. 20 at the post home, it was announced at a meeting Tuesday night by James Logue, junior vice-commander. Members and guests are invited.

Logue also reported that a newsletter committee has been formed and that he will be assisted by Arthur Probert and Herbert Strickland.

Wilbert Naper reported on a fifth division caucus held last weekend at Effingham. He was accompanied by Joseph Summers, commander, Harold Summers, Fred Hoberkamp and Russell Burt. The commander conducted the meeting. Lunch was served.

**TANGLE OF HOSES** along Niedringhaus avenue early Tuesday morning, as 14 lines were used from four pumpers of the Granite City, Madison and Army Depot fire departments. The depot also sent its deluge gun and four firemen and Chief Edward Miller of Madison had 14 volunteers on the scene. All 35 Granite City firemen were on duty. Traffic was blocked off from 18th to 20th street and Cleveland to State street.

### Set 'Kickoff' For 1965 March of Dimes

A workshop "kickoff" meeting for the 1965 March of Dimes campaign will be held at 7:30 p.m. Monday in the Sunset Hill Holiday Inn. It was announced today by Mrs. Nina M. Bigley of Granite City, chairman of the Madison county chapter.

In invitational letters announcing plans for the new drive, Mrs. Bigley said the 1965 campaign will be dedicated to an attack against the unreasonable cost of birth defects.

"The March of Dimes has done what has never been done before in removing a major health problem from our society," Mrs. Bigley said. "When we realize that significant congenital malformations are visited upon one out of every 16 infants making his entrance into our world, and when we further realize that for the majority of these infants there is today little hope. I am sure we both become distressed and angry. We both believe that

### Two Women Arrested On Fighting Charge

Two women were arrested at a Madison tavern on charges of fighting at 9:35 p.m. Tuesday, and an additional charge of resisting arrest was placed against one of the women.

Glady's Kitchell, 31, of 707 Kirkpatrick Homes, was charged with fighting and released on \$25 cash bail pending a hearing in magistrate's court Dec. 3.

Roseella Wilson, 30, Collinsville, was charged with fighting and resisting arrest. She posted \$20 cash bail pending a Dec. 3 hearing. Police said the women were arrested at Voloski's tavern, 308 State street.

The right of the newborn to have the potential of a full and meaningful life is invaluable. Because we believe this, we are dedicating the 1965 March of Dimes to an attack against the unreasonable cost of birth defects.

Reservations for the meeting are to be made to Mrs. Dale Ragus, 4667 North Sixth street, Wood River.

**ANNUAL PARISH PARTY**  
St. Elizabeth Church will hold its annual parish Christmas party Saturday at the Lewis and Clark restaurant, East Alton jointly sponsored by the Altar and Holy Name Societies.

Plans are being completed by the women's group to hold a post-lunch dinner on Dec. 16, and an installation of officers Jan. 27.

**YULETIDE PARTIES**  
The Terrace Garden club will be entertained on Dec. 9 in the home of Mrs. Robert Ruppel, 2435 State street, for a Christmas party and gift exchange.

On Dec. 20, the garden club members will host a dinner party for their husbands at the Rose Bowl restaurant.

**NAMOKI UPWO DINNER**  
The Namoki United Presbyterian Women's Organization is planning a covered dish dinner and meeting for Dec. 14 at the Namoki Presbyterian Church. All women of the church are being invited to attend the 6:30 p.m. dinner.

**TROOP 156 HOLDS WEEKEND CAMP**  
Members of Girl Scout Troop 156 enjoyed a weekend campout at Camp Lakota with the group returning home on Sunday afternoon.

The girls dug bean holes in which they cooked their supper and also made ice cream. The first time a project of this type has been attempted by area scouts. "Linda Tom" escorted the troop on a nature hike. A rededication ceremony was held for those unable to attend the previous one.

Those attending were Judy Blatter, Debbie Corcoran, Sue Hagen, Gretchen Rea, Elizabeth Supton, Brenda Sawyer, Laurene Shelton and Daria St. Ivany.

Those who completed the "challenge on emergency preparedness" were Joyce Boushaid, Lynn Fraley, Laura Massie, Gretchen Rea, Brenda Sawyer, and Gail Vogeler. Instruction was given on lighting a lantern as part of the badge work.

Gail Vogeler, Lynn Fraley, Brenda Sawyer, Gretchen Rea, Rene Bailey and Judy Blatter conducted a "scout's own" with the theme of "Nature."

Others attending the campout were Terry Reid, Debbie Brown, Valerie Crain, Vickie Mercer, Sharon Mucho, Jennifer Builey, Cindy and Carol Wolfe, Barbara Williams, Pat Pinggar, Janet Powell, Connie Crain, Valerie Verberky, Becky Morgan, Christy Zenik, Kandy Fuller, Shirley Brook and the leaders, Mrs. Kate Bailey, La Verne Bailey and Delores Vogeler. They were assisted by Mrs. Bette Rea.

**LORI MALOTTKI HONORED ON FIFTH BIRTHDAY**  
Mr. and Mrs. Al Malottki entertained Sunday afternoon with a party honoring their daughter, Lori, on her fifth birthday. The party was held in the basement playroom of their home, 2465 Waterman avenue.

Decorations for the party were multi-colored, clowns arranged with streamers and balloons around the room. Two large clowns served as the table centerpiece and favors were miniature clowns. A large decorated cake inscribed "Happy Birthday Lori" was served to the guests.

Games were played and prizes awarded, followed by a cartoon show. Miss Linda Malottki, a sister of the honoree, and Miss Nancy Thompson planned and assisted with the games.

Guests present were Eddie Holder, Tommy Terral, Cindy White, Julie Applegate, Wally Gankler, Cindy Schwaiger, Kathy Thompson, Mari Beth Henry, David Roberts, Ann Marie Uram, Gary Vogeler, Jimmy Louis, Dougie Krause, Patty Biekhaus and Billy Kefalas.

The honoree received many gifts.

## Precincts, Insurance, Sick Leave, Coding

### 4 Major Issues Face GC Council Members

Four major issues face Granite City council members who Monday night agreed to act on them at a later date.

The list includes:

1. Clarification of city voting precincts with possible adjustments to conform with township precincts to eliminate election day confusion.
  2. Purchase of an insurance policy for liability and also coverage of city buildings, vehicles and equipment with a three-year premium of \$47,205, subject to change depending on the amounts of claims settled against the city.
  3. Approval of a sick leave policy for city employees as outlined last week.
  4. Revision of the city's ordinance by a private firm to compile them in a loose-leaf book.
- Boundary Problems**  
The need to change the city

precincts was stressed because of new state election laws on registration. Since township of Alderman Rutledge, chairman of the Finance committee, said the city has been without liability insurance for about a year and has thousands of dollars in claims and suits pending.

The policy would cover the city hall, three fire stations, civil defense building, street department garage, dog pound, the contents and equipment.

Council members were asked by Rutledge, who heads the special sick leave policy committee, to give further study to the proposal for possible adoption at the Dec. 7 meeting. He had outlined it in detail last week.

The ordinance committee was instructed to obtain a cost figure from Municipal Code Corp. relating possibly could not help updating the city's ordinances, and provide them in the printed form in a loose-leaf book for insertion of new ordinances as they are adopted.

In other business, the Street Committee was asked to determine if the city should replace a shrub damaged by a city street department vehicle at 3152 Myrtle avenue.

### GCARAC Plans Yule Party for Children

Granite City Association for Aid to Retarded Children made final plans for a children's Christmas party during a monthly meeting Monday night at St. John United Church of Christ.

The annual affair will be Saturday, Dec. 12, from 4:30 p.m. to 7:30 p.m. in St. John fellowship hall. All area handicapped children are being invited to attend. Mrs. Emma Rellke was appointed to head a decorating committee, while Mrs. Eugene Tondro will supervise the refreshments.

Cubmaster Frank Kraus announced that seven new youngsters have been recruited by Cub Pack Two, which is sponsored by the association. At a recent scouting awards dinner, he related, den mothers Mrs. Betty Schwallier and Mrs. Tondro were presented training certificates and William Cade Eugene Tondro and Kraus each received merit awards.

In a special weekly hosting program for handicapped children held at Bowland Lane, it was announced that trophies were awarded to Judy Gavin and Anthony Hubert.

Movies taken during summer day camp at Wilson Park were shown and refreshments were served to about 18 members.

### Girls Earn \$5.73 In Disease Battle

A backyard play and sales of souvenirs, popcorn and lemonade by four children last summer netted \$5.73 for the muscular dystrophy fund.

The children had not decided what to do with the money until recently when they presented a check for the amount to Joseph Jackson, Jr., Quad-City chairman of the fund campaign.

The children are Rebecca, four, Jennifer, eight, and Barbara Jean Sage, 10, daughters of Mr. and Mrs. William R. Sage, 2825 Grand avenue, and Marcia Paniel, 11, daughter of Mr. and Mrs. Roger Paniel, 2846 Grand avenue.

The girls presented free tickets to neighbors for the play and earned the money through sales of concessions.

"We never did donate anything," the girls said, but "we know the money will be put to good use in muscular dystrophy."

### Capt. Bowman Named To Metro Squad Board

Capt. Louis Bowman, chief investigator for Madison county sheriff's office, was named to a nine-member board of directors for the proposed two-state area "Metro Squad" at a meeting Tuesday of 25 law enforcement officials from Missouri and Illinois.

He will help organize the squad and screen officers willing to assist in the investigation of major crimes anywhere in the metropolitan area. The FBI has offered the use of its training school in St. Louis.

Amendments to state law would be needed to permit members to work outside of their regular jurisdictions. The next meeting tentatively is set for the second week in December.

**Cub Pack 22 Plans Christmas Program**

Cub Pack 22, sponsored by Frohardt school PTA, held its monthly pack meeting Tuesday evening at the school. Den Eight opened the program with a flag ceremony and led the "grand hour."

Cubmaster Leo Manogian was in charge of a brief business session with plans made for the next meeting Dec. 22, which will be combined with the Annual Christmas program.

Awards were presented by Pack Committeemen Arthur Stawar to Monte Lyons, Jeff Wittig, Billy Skirball and Alan Stawar.

Mrs. Betty Skirball and Mrs. Manogian conducted a game period with the boys participating in relay races. A Thanksgiving poem was recited by Den Six and the meeting concluded with "songs."

During a social hour, refreshments were served by the mothers of Den Six cubs.

**Roberts May Be Named Deputy Fire Marshal**

David G. Roberts, 3309 Franklin avenue, is expecting confirmation of an appointment as a state deputy fire marshal by Dec. 15 to succeed the late Marvin Todder of Granite City. His application has been forwarded by the state fire marshal at Springfield to the State Department of Public Safety. Roberts, a former Granite City fireman, is now associated with the Keych agency.

ballot to head that ticket in Madison county.

The margin polled by Harris and Kennedy was from 4000 to 5000 votes more than the average for other candidates on the Democratic ticket, while Smith's margin on the Republican side was about 6000 greater than the average of other candidates.

The canvass shows Madison county voters cast a total of 96,644 "orange" ballots in the balloting for state representatives—48,968 straight Democratic votes and 24,636 straight Republican votes.

In addition, there were 5684 Democratic "straight-split" ballots and 4922 Republican straight-splits. These are ballots which were voted straight for one party or the other, with additional votes cast for other candidates of the opposite party.

Miss Hotz said the canvass showed 6713 split ballots cast—ballots marked individually for candidates of both parties. A large number of ballots were cast in the orange ballot box, but were unmarked for any candidate, the clerks' office said. No tally was kept on the number of split ballots.

Meanwhile, the office of Secretary of State William H. Chamberlain at Springfield announced that final tabulation of results in the "at-large" representative election, may not be known until the first week in December. Chamberlain said he does not expect some of the more populous counties to file their canvassed returns until the end of November, and Cook county is not expected to complete its official tabulation until next week. Automatic business machines have been set up in the secretary of state's office to begin state-wide tabulation as the returns come in.

The State Electoral Board, required under law to convene within 20 days after the election, met on the deadline date Monday, then was recessed until a later date when all returns will be compiled. Chamberlain's office reported that about 75 counties had reported at-large election returns as of Monday, but that since the deadline date, the larger counties still is to be turned in at Springfield, this means that about 60% of the vote is still to be tabulated.

Chamberlain said that he believes, like everyone else, that the Democrats captured control of the House, but added that it still is too early to indicate whether or not they captured the Senate. The most likely party could take.

## 6 Children, 2 Adults Given Emergency Care

Injuries resulting from mishaps involving six Quad-City youngsters and two adults were treated yesterday at St. Elizabeth Hospital. All were released following treatment.

While instructing a physical education class at Stallings school, Miss Anna L. Johnson, 33, of 4263 Revelle lane, injured her left knee and Gerald Hildreth, 22, of 1332 Madison avenue, was referred to McMillan Hospital, St. Louis, for further treatment after he suffered an injury to his left eye with gasoline.

Mark Dixon, 18 months old, son of Mr. and Mrs. Billy Dixon, 2203 Lee avenue, suffered a scalp cut when he fell against a metal door. Edwin Brokaw, 17, of 2442 Adams street, injured his right shoulder playing football. Cindy Dickerson, 7, daughter of Mr. and Mrs. Paul Dickerson, 2908 Redwood lane, cut her forehead with a swing.

Paul Hoffman, 13, son of Mr. and Mrs. Clarence Hoffman, 2741 Center street, injured his left hand at school; and Jeff Reese, 3, son of Mr. and Mrs. Fred Reese, 1216 Twenty-seventh street, cut his right index finger.

## Cash Stolen In Three Burglaries In Granite City

Theft of cash in three different burglaries was reported to police since Monday, all in Granite City, while another thief used a hacksaw to steal a tow bar from a jeep.

Burglars escaped with \$110 taken from the purse of Callie Flowers after her trailer parked at East 23rd street and Nameoki road was broken into Monday night, she reports at 7:15 a.m. Tuesday. The entire trailer was ransacked. Entry was gained by forcing the door and lock from the door.

Leroy Strickland, 2935A Delaware avenue, reported at 5:40 a.m. today that while he was asleep between midnight and 5 a.m., a thief took \$50 from the wallet in the pocket of his trousers which were hanging on the chair. He said \$23 was left in it.

From \$10 to \$15 was taken from an envelope in a bedroom dresser drawer while the family was gone between 5 and 7:15 p.m. Monday, it was reported by Lloyd Edwards, 2537 Lincoln avenue. The house was ransacked. The year door lock was forced to gain entry.

A tow bar was sawed loose from a jeep parked on the lot of Young & Durdan's Auto Sales, 1501 State street, during the weekend. It was reported at 12:35 p.m. Monday. A hacksaw was used to cut the bolts and remove the tow bar.

A basketball, a hoop and a six-pack of empty soda bottles were stolen from the garage of Wilma Bezan, 3145 Myrtle avenue, it was reported at 3:50 p.m. Monday.

George Hinson, 3017 Buxton avenue, reported at 10:30 a.m. Tuesday that a size 44 khaki hunting coat was stolen from his garage last summer.

Rotter Serving With Air Transport Squadron

Henry R. Rotter Jr., chief aviation mechanic's mate, USN, son of Mr. and Mrs. Henry A. Rotter Sr., 1703 Kirkpatrick homes, is serving with Air Transport Squadron Seven, operating from Moffett Field, Calif.

The Navy team from Squadron Seven, which fly the Lockheed "Hercules" carrying 9 fully-equipped combat troops, recently vied for honors in cargo and personnel air-drop tests against seven Air Force crews and representatives of the National Air Transport Wing, Atlantic Division.

NEW EAGLE SCOUT Bill Anderson, son of Mr. and Mrs. Kenneth Anderson 2808 Indiana avenue, is shown being congratulated by Edwin Menke (left), Uniwah district Boy Scout executive, at a public court of honor in which Cahokia Mound Council Commissioner Rollin Henn also participated. He becomes the fifth Eagle currently holding membership in Niedringhaus PTA Explorer Post 12.

## Full Amounts Will Be Paid To 18 UF Agencies for 1964

Complete 1964 allocations to 18 participating agencies of the Tri-Cities United Fund will be paid it was announced last night at the fourth-quarter meeting of the UF board of directors, which also ratified payments of the 1965 allocations to the same health, welfare and youth organizations.

To meet the total allocations granted last year to the 18 agencies, the sum of \$10,950 was transferred from the contingency reserve fund to complete payments.

Fourteen board members and representatives of three agencies attended the meeting, conducted by President Nicholas J. Brink in the YMCA club room.

1965 Drive Total

John D. Solenberger, UF executive director, reported that total pledges of \$325,803 had been received through Nov. 19, exceeding the 1963 goal by \$80,000. Final figures will not be released, Solenberger said, until all pledge cards are audited.

A one-percent increase in collections of 1964 pledges over the previous year was noted in a report by Charles L. Givins, board treasurer.

Brink announced that he will appoint a nominating committee to select new officers and replacements for the board of directors.

### Wiltshire Group Hears Explanation of Taxes

Joseph Cohen, Namekoti township assessor, explained the taxing process in a talk before 26 members of the Wiltshire Manor Civic and Improvement Association last night at Peace Lutheran Church.

He noted that tax rates which are applied include that of the East Side, Levee and State district, which he said provides no direct services in the Wiltshire area.

Bylaw revisions approved in creation of the post of parliamentarian.

Association members discussed Namekoti township sewer plans and expressed strong preference for an alley location for any lines that are installed. Engineers developing the program announced a street location because this would eliminate the necessity of obtaining property owners' permission.

ARMY DEPOT CANDIDATES for selection as 1965 Federal Civil Service Employee of the Year. Winners in three fields will be announced at a Civil Service Week Banquet Jan. 16.

### 3 at Depot in 'Employee of Year' Judging

Candidates representing the Granite City Army Depot for selection as 1965 Federal Employee of the Year in the metropolitan area are Mrs. Frances Hoppe, Don O. Kinney and Arthur W. Meier. It was announced Tuesday.

A banquet signifying the kickoff of Civil Service Week will be held in the Khorsan room of the Chase-Park Plaza Hotel, St. Louis, Saturday, Jan. 16. At that time, announcement will be made of the winner in each of three categories as Federal Civil Service Employee of the Year: Administrative Services Field, Maintenance and Technical Field, and Professional and Scientific Field.

The banquet is sponsored by the Federal Executive Board, Federal Personnel Council.

Administrative Chief Mrs. Hoppe, candidate from the Administrative Services Field, is chief of the Administrative Office, Depot Directorate for Maintenance. She began her government service in July 1947 by enlisting in the Women's Army Corps and served as secretary to the commanding general at Fort Stewart, Ga., the assignment she held at the time of her discharge Dec. 7, 1944.

She began her career as a civil service worker in March 1950 as a clerical typewriter in the Machine Records Office at the depot and was subsequently promoted to her present position.

Mrs. Hoppe graduated from her class from Granite City high school and attended St. Louis Business and Irons Business College in St. Louis. Throughout the years of her employment with the government, she has been cited for her extensive knowledge of administrative functions and the quality and quantity of her work. She resides with her husband, Clarence, and three children, William, 13, Phyllis, 12, and Deborah, 9, at 129 Springer avenue, Edwardsville.

### GCIS Graduate

Meier, candidate for the Professional and Scientific Field, is deputy accounting officer of the Finance and Accounting Division. He began his government service in 1943 in the Army and entered civil service in May 1946 as a clerk typist.

He graduated from Granite City high school in 1942 and completed his undergraduate work at Valparaiso University in Indiana, where he received a degree in business administration in February 1942. He received his master degree in public administration from St. Louis University.

Meier has been commended for his professional knowledge, desire, alertness and constant effort to outstandingly accomplish his mission. Mr. and Mrs. Meier are the parents of two children, David, 3½, and Susan, 1½. They reside at 1612 Clark avenue.

The Depot is under the command of the U. S. Army Supply and Maintenance Command and headquartered in Washington, D. C.

Don Three presented a reading, "A Small Boy." Songs were enjoyed by all and there were status by each den.

Gilmore presented awards to Richard Wood, William Brand, Alan Ray, Richard Ronald, Castle, Gregory Blackwell, Richard Barr, Dennis Bernaux, Gary Jones, Gary Peters, Randall Parker, Lynn Huffard, William Lovachoff, Barry Jettroff, David McKel, James Almer, Michael Whitford and David Gilmore.

There were den yards for all dens and Vexed won the parents' attendance award for the month. Registration cards were presented to Harold Castle, Alan Ray Johnson and Richard Wood.

### BOYS' CLUB ENROLLS

THREE NEW MEMBERS

The Lincoln Place Community Center Boys' Club held a regular meeting Tuesday night at the center, 822 Niedringhaus avenue. Alvin H. Severin, president, was in charge and reports were given by Gregory Nighossian and Michael Hall.

Three new members welcomed by the group were Harold Thiel, Ronnie Boulton and David Call. A short business meeting was conducted and projects were discussed.

Members present were Tony Becerra, John Duff, Wayne Canida, David Linoff, Teddy Donnelly, Bobby Call, Michael Gracy, Tony Lopez, Woody Lov-

### Park Board Plans For Rink Meeting

Plans for next Monday night's meeting on a proposed ice skating rink were finalized during a brief meeting last night of the Granite City park district commissioners.

The commissioners have invited 25 civic-minded individuals and organization representatives to attend the meeting. The purpose of the meeting is to discuss the possibility of financing the project which will be discussed.

President, Bart Lomax, who expects "about 98%" attendance, said a social hour is scheduled for 5:30 p.m. dinner at 6:30 and the business portion for about 7:30 at the Rose Bowl.

In other business, the board discussed merits of joining the state's Municipal Retirement Plan, approved bills for purchase of furniture for the Community Center's office and lounge and heard a report on the opening of the district's basketball program.

Harold Brown, director of parks and recreation, said employees are working on the final winter closing of water lines, cutting and removing old trees and planting new ones. Trees also are being planted at the new park on the east limits of Granite City and some land there is being sloped.

Frank Resa, board secretary and operator of Frank's Card shop which was damaged in Tuesday's downtown fire, reported some pack district records were soaked by water but apparently none were lost.

## Charm Her With Jewelry

For the woman who appreciates personal gifts of sentimental value, select one of the endless assortments of novel jewelry charms this Season.

There are charms in beautiful stone-set drops; and others in a precious assortment of miniatures . . . all are detachable and interchangeable. Some lend themselves to the revival in fashion's penchant for "antique" pendants.

A very special gift for the lady is a smart, gold disc charm. Have it personalized with an inscription or monogram.

## MEN'S BELTS A CINCH TO LIKE

An added point to note: buckles are smaller and with a few tricks. The fact, is, most belt-makers now rely on the standard, leather tab for fabric belts in wide widths. And on the way up — take note — are reversible belts for the contemporary or traditional minded man.

Leather looms large in men's gifts this Christmas. There are luxury leathers . . . textured leathers . . . newly-colored leathers . . . gleaming classic leathers. In short leather is making it in every way, including friend Alligator.

Included, too, will be suedes, chamois, buffed calfs, shrunken grains; plus the exotic types, buffalo, kangaroo, ostrich, cordovan. Even a new finish shows up for stand-by harness leathers.

**SOFT DRINK CANS IN DISGUISE** . . . Snowman, Santa and Choir Boy, so easy to make, even by the little tots. Happy way to keep them creatively occupied during the hectic holiday season.

**WRAPPINGS MAKE THE GIFT** as well as the dress-up for your gift packages. Here handsome wrapping papers are used to make a smart coaster and match box set. There are many other items that lend themselves to construction from gift wraps.

Decorating the house in observance of Christmas was not common until about the 16th century. Then many Europeans put up fir trees in their homes, adorned them with roses cut from colored papers, with apples and sweets.

## They'll Clap Hands Over Gift-Gloves

To prove you're a St. Nick with a knack for choosing the right gift, pick "his" and "her" leather gloves this Christmas. Available in hundreds of styles and colors, soft, supple leather gloves are always welcome fashion accessories for the well-dressed lady or gentleman.

Leather gloves in kid, doe-skin, or suede will have feminine hands clapping for joy, whether the gloves are given as a gift in themselves or as an extravagant "extra" tucked in to a new leather handbag. Women's gloves come in a variety of lengths this season, ranging from the wrist-skimming shortie to the 16-button leather glove that extends past the elbow.

That, fashionable fellow on your list will appreciate smart-

looking gloves in smooth, suede, or grained leathers... these are available in light and dark shades, from oatmeal and natural to deep brown and black. Distinctive features include slit

cuffs, piping and removable knit liners that team with leather gloves for a two-in-one gift. For a more formal look, give gloves of silk-lined gray suede and black fawn.

# Press-Record YOUTH FOCUS

## 7 GCHS Students Attend Special Meet at Bethalto

Seven Granite City high school students attended the sixth annual Statewide High School Conference on Special Education held recently at Bethalto high school under the sponsorship of the Illinois Council for Exceptional Children, Alton chapter 8.

They are Connie Dean, 2205 East 20th street, Linda Jungels, 2541 State street; Nancy Layman, 2417 Edison avenue; Barbara Martin, 2173 Harrison avenue; James Rucker, 1700 Spring avenue; Lana Williams, 2402 Cleveland blvd., and James Witteyongel, 1005 Garfield avenue.

Greetings from Gov. Kerner, read at the conference opened, noted the benefits to be derived from the "modern" techniques constantly being evolved from dedicated research." He also said that those who enter the field of special education "will provide invaluable service to your society, at the same time finding a rewarding career for yourself."

Other guests included Gloria Calovini, president of the Illinois Council for Exceptional Children; and Harold Thomas, Granite City director of special education.

About 200 high school students from throughout the state spent two days exploring special education as a possible career in teaching.

## High School Planning Aids Students at SIU

Careful planning and preparation in high school could lessen the number of general studies courses required later of students entering Southern Illinois University, according to John W. Voight, SIU general studies executive director.

General studies is Southern's undergraduate curriculum designed to give freshmen and sophomore students a background in general physical, biological and social sciences and the humanities upon which they may build their studies in specialized fields.

The program was designed to expose the students to a wide variety of subject areas before choosing a "major."

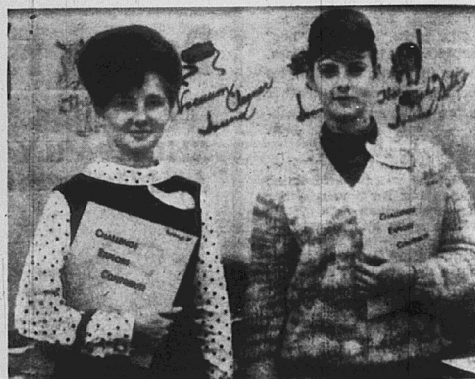

Voight said advanced standing in specific general studies courses, such as physics, chemistry or foreign languages, may be granted to students who have had sufficient high school class work in these subjects and who score high enough on required entrance exams.

Advanced standing allows a student to bypass some general studies work otherwise required. Most SIU undergraduate students must take a full 96 quarter hours of general studies work, half the total hours required for a bachelor's degree.

Voight said most students also are entitled to waive beginning general studies courses in areas which are to be their major fields, and other requirements may be met through proficiency exams. He emphasized, however, that a strong high school background in a given subject usually is essential to any waiver.

## Elected to Society

Prof. Roland P. Rice of McKendree College, Lebanon, was elected as an active member of the American Society of Aldean Psychology at the November board meeting in New York. He was nominated to the society by the department of psychology at Southwestern Illinois University.

VISITING EXHIBITS at the state-wide high school conference at Bethalto high school are Lana Williams, left, 2402 Cleveland blvd., and Connie Dean, 2205 East 20th street. About 200 students attended the conference, part of a program to interest youths in teaching careers in special education.

## SWIU Students Hail from 57 Counties in Illinois

Students attending Southwestern Illinois University come from 57 of Illinois' 102 counties.

The report, prepared by Registrar John H. Schinabel, also shows student enrollment from 19 other states and 13 foreign countries, although first stage construction on the new campus site will not be ready for students until next September.

The big majority of students represented in the count come from Madison, St. Clair and surrounding counties, as well as from the St. Louis area. But there are 19 from Chicago and Cook county and 22 from around Springfield.

## Homemaker Exams Set For High School Girls

A program which has attracted a total of more than 3 1/2 million girls during the past decade will find senior girls in high school taking a knowledge and attitude examination on homemaking next Tuesday.

A half-million girls in more than 14,000 of the nation's high schools are participating in the 1965 Betty Crocker search for the "American Homemaker of Tomorrow."

At stake are awards ranging from attractive pins to \$110,000 in scholarships. The program is the only national scholarship competition exclusively for high school senior girls.

## Two Programs Saturday At City Art Museum

Two programs of interest to children, students and adults will be held at the City Art Museum, St. Louis, on Saturday.

At 10:30 a.m., an internationally famous Korean classical dancer, Dr. Won-Kyung Cho, will present a dance demonstration in the last of a special series on the Orient presented by the Department of Education during November.

Three films will be shown at 2:30 p.m. in the auditorium: "The England of Elizabeth," "The Holy Land" and "Christmas Fantasy." Before the film presentation, a period of sketching and a concert of recorded music will be held in the galleries for adults at 1 p.m.

Drawing and games for children to better acquaint them with the art objects in the museum's collection will take place at 1:30 p.m.

## Cast Selected for Sophomore Play at GCHS; Set Dec. 5

By KATHY SANDERS

"The Mouse That Roared," adapted by Christopher Sergel from the book by Leonard Webberley, has been chosen as the sophomore play at Granite City high school to be presented on Dec. 3.

Tryouts for the play were held Wednesday and Friday of last week with the lead parts being awarded to Linda Sabo and Rich Paoli.

Other members of the cast are Mary Berosky, Pauline Antmann, Marcia Barnett, Gail Sehermer, Cheryl Caudron, Sara Rivenburgh, Connie McGovern, Sherry Talley, Dianne French, Alice Cross, Carol Harris, Carlotta Giteho, Candy Jones, Margaret Hutchings.

Rich Mathenia, Skip Dean, Ted Burylski, Ken Williams, Dean Jones, Ron Turner, Linda Davis, Flip Spiceland, Eric Wiehardt, Steve Marlar, Terry Gage, Colleen Robertson, Marlou Clark, Jim Greve, Jan Giteho, Bob Gibbs, Joe Straka and Pamela Swan.

Richard King, speech director, will direct the play.

## Interest in Business, Industry Shown at SIU

There is no "rejection of business as a career" among Southern Illinois University students and graduates, but instead a "very high and healthy interest," according to the SIU placement service.

In contrast to a survey of a number of major universities coast to coast, published in a recent business publication, Southern's graduates are joining the ranks of business and industry in steadily increasing numbers, according to Royce R. Bryant, director of the placement service.

The number entering business and industry has risen from 256 in 1959 to 401 in 1963, and although the final report for 1964 graduates is not complete, an even larger number of them are believed to have accepted jobs in these fields, he said.

"Many SIU graduates regard it as a mark of distinction to land a good job in business or industry," he said.

CAROL SUE CLARK, daughter of Rev. and Mrs. Clair Clark, 2531 East 25th street, who has received a scholarship for three years to a state university. She is a graduate of Granite City high school.

## Miss Clark Receives Three-Year Scholarship

Miss Carol Sue Clark, daughter of Rev. and Mrs. Clair Clark, 2531 East 25th street, has received a scholarship for three years to a state university. Rev. Clark is pastor of Trinity Methodist Church.

The scholarship was received from the office of Wilbur Trimpe, Madison county superintendent of schools, and signed by Ray Page, state superintendent of public instruction.

Miss Clark was graduated with honors from Granite City high school last June with a four-year average of 4.59. She attended McLeansboro, Mt. Vernon and Granite City high schools and was active in band in all three.

She enrolled at Southwestern Illinois University's Alton center at the beginning of the summer term and has a degree in music education as her goal.

## Roca Club Plans Two Cage Teams This Season

The Roca club will have two basketball teams competing in the Granite City park district league this year. It was announced. Basketball practice was held Sunday afternoon at the Coolidge junior high school gym.

The club held its chicken dinner Saturday from noon to 7 p.m. at the Tri-Mor Bowl.

VENICE HIGH SCHOOL CHEERLEADERS who will encourage the Red Devils basketball team and lead their fans during the current season are, top left, down and around—Joan Pickens, Cindy Bosworth, Barbara Manier, Barbara Kutz and Pat Sitton.

## Classic Gift: Lovely Pearls

This Christmas give the "Queen of Gems." Give pearls. Never have pearls — necklaces, earrings, pins, rings and bracelets — been more important in the fashion picture than they are today, reports the Jewelry Industry Council.

This year's many new and striking designs offer a wide variety of selections. There are multiple strands of pearls, cultured or simulated, that are bound to delight the heart. There are pearl collars, effective with any neckline... multiple strands of tiny seed pearls... bracelets, earrings, always in good taste, always chic.

Combinations of pearls with other stones, such as jade, turquoise, lapis or topaz, add color and excitement to many of the season's newest designs. Cultured pearls in necklaces, as flattering as candlelight to every

woman, are available in all lengths, though the trend is to the shorter lengths to frame the neckline.

In any price or style, pearls are sure to be welcomed as gifts to be worn with pride, cherished for years to come.

## SILK SQUARES

Silk pocket squares, generally worn with a tuxedo, are increasingly becoming popular for business and casual wear.

As might be expected, a variation of styles have appeared in order to satisfy the tastes of both traditionalists and more fashion conscious dressers. For the conservatives are the neat foulards, paisleys and subtle polka dots, while for the fashion-minded are abstracts and solid shades with interesting border designs.

**AN ALLIGATOR FOR ALL SEASONS.** 42" length coat of lustrous cotton gabardine, check with overplaid, provides a handsome year 'round, anytime cover-up.

## Seen our ugly duckling?

Come in. Take a look. If it wasn't such a funny little nothing, it wouldn't turn into the sheerest, clingiest, lightest little beauty you've ever worn. Its secret? Cameo makes it of Cantreze, the new kind of nylon made just for stockings. Clings all over without straining anywhere. Fits the way you thought no stocking could ever fit. Cameo's "Little Nothing" is waiting here for you, nestled in its own little box.

**DELIGHT ALL GALS OVER 10.** Fill a festive box full of lovely sheer seamless stockings or select a wardrobe of hosiery in fascinating herringbone, ribbed or diamond-textured patterns. A "Currier and Ives" type winter scene dresses up a gift-box of a dozen stockings while a romantic sleigh design rings the bell with gift-box of three pairs.

Home-made items were the first decorations to be used on Christmas trees in the early nineteenth century in the U. S.

Such trimmings were small cotton tufts, strings of popcorn and cranberries, flowers, paper ornaments and the like.

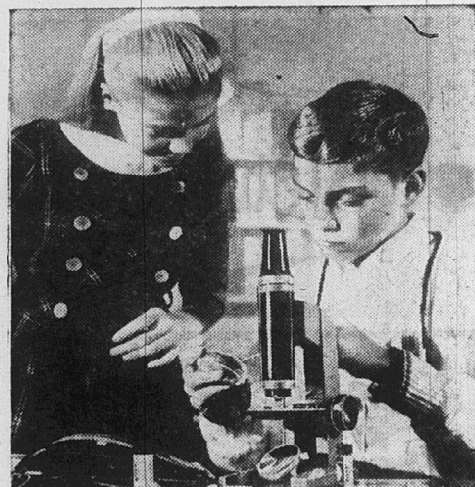

**TOILETRIES GIFTS MAKE SCENTS . . .** If he's fastidious, he'll like luxuriously packaged After-Shave and Cologne set, with a sophisticated scent.

## to a Muffler He'll Warm

Dad, brother or husband will always appreciate a stylish muffler for Christmas. For the more contemporary minded young man there are handsome jacquards, abstract prints and textured woven styles. Dad will approve the more traditional foulards, paisleys, wool challis and tartans.

Any man will go for the solid shades or the reversibles that switch from solids to patterns. Long six-foot knit scarfs score with the college crowd.

**FOR SCIENTISTS, JUNIOR GRADE**—children in most levels of school science study will thrill to the new worlds they discover by using a microscope. Made with the same lenses and precision of professional microscopes, models made for young people's use are designed in many types . . . ranging from those for beginners, to three-dimensional stereo, and others that zoom up to 200 times magnification. Microscopes are used and approved by schools in science teaching.

**PRIZED POSSESSIONS** to delight the heart of a youngster on Christmas morning and for many years to come is a gift of a wonderful new bike and a "Lassie-dog" all her own. Each will prove to be a wonderful companion for pleasure and fun.

## Christmas Is In the Bag!

Wondering what to do with those bulky or oddly shaped gifts that seem to defy wrapping paper, ribbon or tape? Here's a wonderful new idea for wrapping with a covering that serves as a second gift in itself.

To make a "gift bag," cut two square or rectangular pieces of fabric large enough to hold gift when sewn together. Place right sides of the fabric together, and machine or hand sew on three sides. Hem the open top edges or trim by cutting the edges with pinking scissors. Turn the bag right side out, spray with Faultless spray-on starch, and iron. Repeat until the fabric bag is starched to a fresh, crisp finish. Place gift in bag, gather the top as you would a paper bag, tying a bright bow around the neck.

Use any color or fabric for your gift bag, adding monogram of appliques if desired by sewing them on or ironing them on with colored mending tape. A drawstring ribbon in the top hem will make it a personal laundry bag, or convert it to a carry-all for hair rollers and clips. There are no end to the uses to which these attractive gift bags can be put after the fun of opening them on Christmas morning.

## New Games for Big Family Fun

Nothing expresses the spirit of "togetherness" more eloquently than a group of children, teenagers, adults or a happy conglomeration of all of them, huddled happily over an exciting game.

Such games as chess, checkers, dominoes and bingo are games that have proved to be consistently popular and enduring. "Parcheesi", a game that is mentioned frequently in our literature dating back to the Victorian era, actually was first introduced 97 years ago by the firm of Selchow and Righter, who also brought in the immensely popular crossword game "Scrabble" which swept the nation a number of years ago. "Scrabble" helps stimulate interest in new words and offers exciting educational play in versions for the junior crowd as well as its regular game for more advanced students and adults.

For Christmas 1964, there is a new game of skill, "Tangle", a game which involves pure strategy and skill — not luck. The game consists of one playing board and 93 hexagon-shaped tiles. Two, three or four can play — from ages eight to eighty.

## Dishwasher a Holiday Help, Year Round Aid

An automatic dishwasher at this time of the year is a special blessing for cleaning-up fragile-cut glasses and large, hard-to-handle items as well as large quantities of dishes.

There are only a few simple rules to follow when washing fine china and glassware in your dishwasher, advise Hotpoint economists.

Place bowls in the corners of the washer or over the vertical multi-fingers. Bowls should be at an angle, facing down for proper

drainage. Glasses may go anywhere in the upper rack, never in the lower one.

Be sure glasses do not touch each other, and cannot be dislodged. The glass' entire rim should rest on the rack. Make certain all items clear the top of the tub. Pull the racks gently to prevent glasses from tipping.

Know your china well before washing. In most good china, patterns are protected by an overglaze to prevent fading even at

high temperatures and use of detergents.

Hand painted china, china with metal trim, and decorations that have been applied after the glaze has been fired are vulnerable to high water temperatures and detergent solutions, and should be carefully washed by hand in mild suds.

### TIP TO MOTORISTS

To avoid rear end collisions, share your plans with the driver directly behind you.

## High on the Wish-List... the Guitar!

With the interest in rock 'n' roll and hootenannies this year it may come as no surprise that the guitar is the most popular musical instrument gift this season.

Manufacturers are reporting record sales again this year, and the holiday season is tra-

ditionally a high spot. The guitar is second only to the piano in total number of players.

There are many reasons for the guitar's success. Versatility is one. While enthusiasm for hootenannies has broadened its appeal, the guitar is equally adept as a solo or accompanying instrument for everything from flamenco and classical works to western music and rock 'n' roll. Thus, guitar players can enjoy virtually any popular style of music as it comes along.

Make your own friends—the ready-made kind seldom fit.

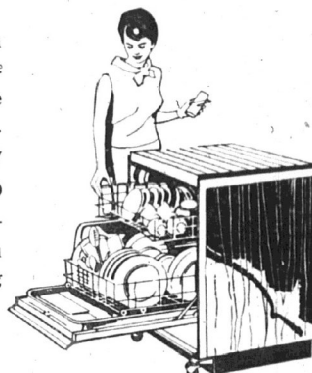

## Be a hero—give your family a dishwasher

When you give your wife an electric dishwasher you give her more time with you and the family. She simply puts the dishes in the dishwasher—her favorite china and all—and the dishwasher does all the work. No more backache from standing to wash and dry dishes. No more squabbling about whose turn it is to do dishes. Just turn the dial. Dishes come out sanitary clean, spotlessly dry. Let your dealer give you more information. He's a trained expert in turning husbands into heroes.

## High World Cubbers To Edit Xmas Edition

By DAVID ROTTER

The cub staff of the Granite High World will soon put their knowledge of newspaper publication to work as they take charge of the Christmas edition of the school paper.

The edition will be turned over to the 27 members of the cub staff for their first attempt to edit a paper.

Preparations for publication will start Dec. 1 and the paper will be available to students on Dec. 18.

Members of the cub staff are in the beginning journalism class.

## Depot Student Cast in 'Harvey' at Huron, S. D.

Kathleen S. Haley, Qus. 21, Granite City Army Depot, was a member of the cast for the comedy, "Harvey," presented by the campus players of Huron College, Huron, S. D., last weekend.

A 1964 graduate of Granite City high school, Miss Haley is a freshman majoring in physical education at Huron. She also is active as a cheerleader on the reserve squad.

## New Co-Ed P. E. Class Proving Successful Here

By KRISTY HENSON

The new fall semester brought something new to one physical education class at Granite City high school.

This one class is the first co-educational physical education class at Granite high where 40 students under the supervision of Coach Conrad Champion meet during the fifth hour for volleyball activities.

The class consists of 20 girls and 20 boys, mostly seniors, with

a few juniors. They were hand-picked by the physical education teachers as an experimental class towards other future co-ed classes.

The first six weeks proved successful with the completion of singles and doubles tennis tournaments.

This reporter along with the other 39 students thoroughly enjoy this special class where the hope of the class is to carry over values of sports after graduation.

## GC Students Move To Form Quiz Bowl Team; To Compete

The Granite City high school Quiz Bowl team has been organized for the second time this year.

Last year was the first time such a team was instituted at the school, and because of a late start, it had only one meet, a losing venture against East St. Louis.

This year's team has only one returning member, Bernard Holman, who is a special consultant to Warren Jones, chairman of the Student Council committee for the Quiz Bowl. Also on the committee are Ruth Costello and Richard Blumenstock.

The four are working to form a team they hope will go against East St. Louis and Alton and perhaps appear on the television show "Scholarquiz."

## Quincy Students Operate Gas Service Station

Dedication ceremonies have been held in Quincy at a service station being operated by high school students as part of their educational program.

The students are those who are having difficulty making their grades and are potential dropouts. They attend special classes designed to stimulate their interest in finishing school, and at the same time they are getting supervised work experience to improve their vocational skills.

## New Members of Seven Jr. Tri-Hi-Y Clubs Inducted

New members of seven Junior Tri-Hi-Y clubs were inducted in a formal candlelight ceremony held Saturday afternoon in the YMCA auditorium.

More than 120 junior high school girls participated in the ceremony before parents and other guests.

Mrs. Harry Epstein, chairman of the junior high adult committee and secretary of the YMCA board, was mistress of ceremonies. She welcomed the guests and emphasized the "Y's" long record of concern for young people.

She explained how the Junior Tri-Hi-Y club program is adapted to fit the needs of this age group and to help the youngsters physically, mentally and spiritually. She then introduced Mrs. Bonnie Fuller, director of the clubs and presented her with a corsage.

### Corsages, Books Presented

Corsages and books on club work also were presented to all club advisors. They were Mrs. Mary Smith and Mrs. Dorothy Martin of the Alpha Phylas, Miss Joyce Bettorf of Delta Chi, Miss Danna Eamhardt and Miss Myrna Bischoff of Pi Beta Kappa, Mrs. Lala Hanks of Sigma Rho

and Mrs. Shirley Tretter of Zeta Chi. Mrs. Richard Reber of Alpha Beta Pi and Miss Kathy Howton of Chi Epsilon were absent.

Appreciation for the work done by the boys' club was extended by Dave Walker, youth department director and advisor for the Black Knights, a Junior Hi-Y club.

Mrs. Epstein introduced Mr. and Mrs. Richard Neuman, Mrs. Jo Ross and Mrs. Marty Horman, adult club committee members.

### Sigma Rho Assists

Members of Sigma Rho, a three-year-old club, assisted in the ceremonies. They were Nancy Hanks, Debbie Berger, Carole Robertson, Stan Caldwell, Laine Tadlock and Robyn Robertson. Other members of the club aided in coordinating the ceremony.

Mrs. Hanks, in behalf of Sigma Rho, presented the Alpha Phylas club with a new gavel. The new seventh grade club, whose advisors are Mrs. Dorothy Martin and Mrs. Mary Smith, is sponsored by Sigma Rho.

A talent show followed the ceremonies, with members of each club participating. Refreshments were served.

## Report Cards Await Return of Students At Venice Schools

By JUDY REIDELBERGER

Report cards, covering the second six-week period, will be waiting to greet Venice high school students on Monday when they return from their Thanksgiving holiday.

The publications class will meet their first yearbook deadline next week. The class is to send in 35 pages. Among them are 17 advertising pages, nine division pages, eight Venice and Lincoln class picture pages and some of the teachers' pages.

Last Monday two division page pictures were retaken, along with some other pictures to be used in the activities section of the yearbook.

### FHA Attends Rally

The VHS chapter of America attended the regular FHA rally Saturday at Granite City. The theme was "Learning to Live—Living to Learn" and was centered around mentally disturbed persons.

The guest speaker was Mrs. William Dine of Granite City. There was a panel discussion by six persons who answered questions from letters written by FHA members. A parade of flowers was held, representing the different birthdays of the months. There also was a presentation by the Granite City high school choir.

Eight members from the Venice chapter attended. They are Kathleen Daniels, Jean Svezia, Ruth Welch, Stephanie Saimond, Kathleen Pace, Virginia Pace, Linda Levy, Susan Scherrills and Mrs. Hazel Smith, faculty sponsor.

## Coast Guard Academy Exams Begin on Dec. 5

The 89th annual competition for admission to the U. S. Coast Guard Academy at New London, Conn., will start with the Dec. 5 administration of the College Entrance Examination Board tests.

Appointments are made solely on a competitive basis with no congressional appointments or geographical quotas. Applicants must be unmarried high school seniors or graduates who have reached his 17th but not 22nd birthday by July 1, 1965. Information and forms are available from high school guidance counselors.

## Holiday Leave Program Set for Army Enlistees

The U. S. Army recruiting service is announcing its annual Christmas-New Year holiday program for persons enlisting during the month of December. They may choose one of two options prior to enlistment:

Young men presently enlisting and before Dec. 8 will begin their basic training immediately. Upon request, the trainee will receive a 14-day leave of absence enabling him to spend his Christmas holiday season at home.

Those enlisting from Dec. 11 to 31 will be granted a maximum of 15 days leave directly from the main recruiting station in St. Louis. All leaves granted under this offer will terminate at the end of the requested number of days, but not later than Jan. 3 when the enlistee will return to the recruiting station for shipment to his basic training post.

Further information may be obtained from Sgt. Donald Laird, Army recruiter, in the city hall in Granite City.

## USSR Study Tour Set By SIU Next Summer

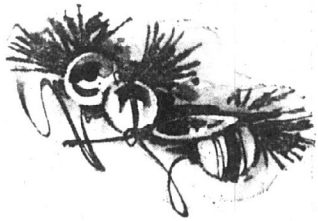

Brochures describing a planned Southern Illinois University sponsored Russian language study tour to the Soviet Union next summer have gone out to colleges and universities throughout the country.

SIU will sponsor a summer program which will include six weeks of intensive Russian language and history study at the University beginning June 21 and a three-week study tour of the Soviet Union beginning Aug. 2.

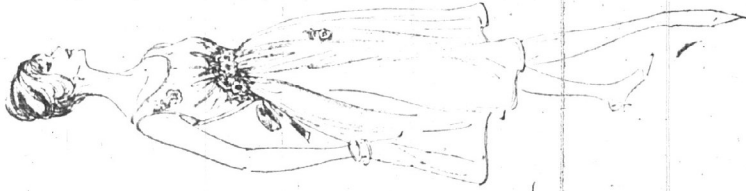

The study tour will cost about \$900 per person, including air travel and the three-week bus tour of the Soviet Union and Central Europe. Tuition scholarships will be granted to selected undergraduate students participating in the program at SIU. Enrollment will be restricted to 30 undergraduate or graduate students currently enrolled to college.

### Elected to ISU Senate

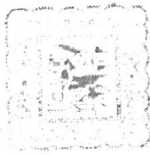

George Haven, son of Mr. and Mrs. Edward Haven, 2445 East 24th street, is one of 28 Illinois State University students recently elected to serve as a representative on the Student Senate, student governing body at ISU. He is a junior majoring in mathematics and resides in Wilkins hall.

## Great Idea! Shoe Gift Certificate

Looking for an unusual gift for husband, brother or other male in the family? Give him a gift certificate from his favorite shoe store.

During the Yuletide season, let him step out smartly or relax completely in any one of the season's newest shoe styles. Shoes in soft, supple-smooth, grained or brushed leathers

that will make him foot-happy all year long in the comfort of genuine leather, says the Shoe Fashion Service of Leather Industries of America.

Biggest news in men's shoes this year are casual slip-ons and chukkas in waxy leather, in which the natural color and texture of the leather are smartly high-lighted.

LACEY, LOVELY ensembles of gown and peignoir come in sheer and opaque nylon combinations in soft delectable colors. A gift that's so personally hers, a favorite choice of most women.

### Make Practical Items 'Surprise Packages' For the Nursery Set

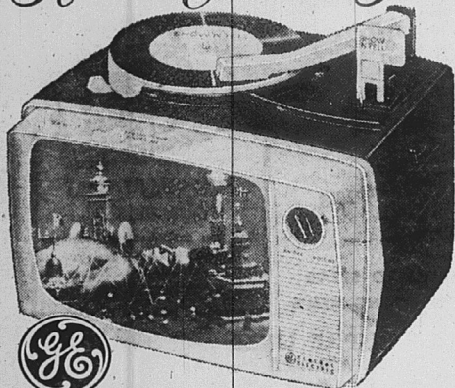

The most practical Christmas gift can be a surprise package by adding imaginative, though compatible, accessory items. So suggest the designers of Pearl-Wick Corporation.

For a practical Yuletide gift for a family with a baby, you might, for example, get a colorful nursery diaper hamper, and stuff it with diapers, diaper pins, baby powder, or other small inexpensive items.

Nursery diaper hampers are ideal for gift-giving; many are gaily decorated with children's motifs — circus patterns, gay bunnies and little lambs or "playtime" themes. Covered in washable vinyl, they have a removable, plastic inner bag for sanitary handling, and a cover with built-in deodorizer.
